# ZILLA'S PURE CBD HONEY

with intact enzymes and nutrients

VANILLA BEAN INFUSED  
250 MG CBD

RAW honey is a magnificent and ancient nutriment made by nature. Much like cannabis, RAW honey has been admired by humankind since antiquity for its beneficial influences and ability in a multitude of medicinal aspects. When considering honey for healthful reasons, it's important to choose RAW honey that is unpasteurized and unfiltered. Honey in this form is intact honey, meaning all the beneficial enzymes, bioactive plant compounds, antioxidants, vitamins, and minerals naturally present in RAW honey have been carefully preserved so its quality is as rewarding as nature intended.

**HIGH TIMES**

**INGREDIENTS: RAW UNPASTEURIZED HONEY,  
VANILLA BEAN SEED, NATURAL FLAVOR,  
PURE CBD CRYSTALLINE (HEMP EXTRACT)**

**ALLERGEN WARNING: MANUFACTURED IN A FACILITY THAT ALSO HANDLES PEANUTS AND OTHER TREE NUTS. RAW UNFILTERED HONEY MAY CONTAIN TRACES OF BEE VENOM OR BEE PARTS.**

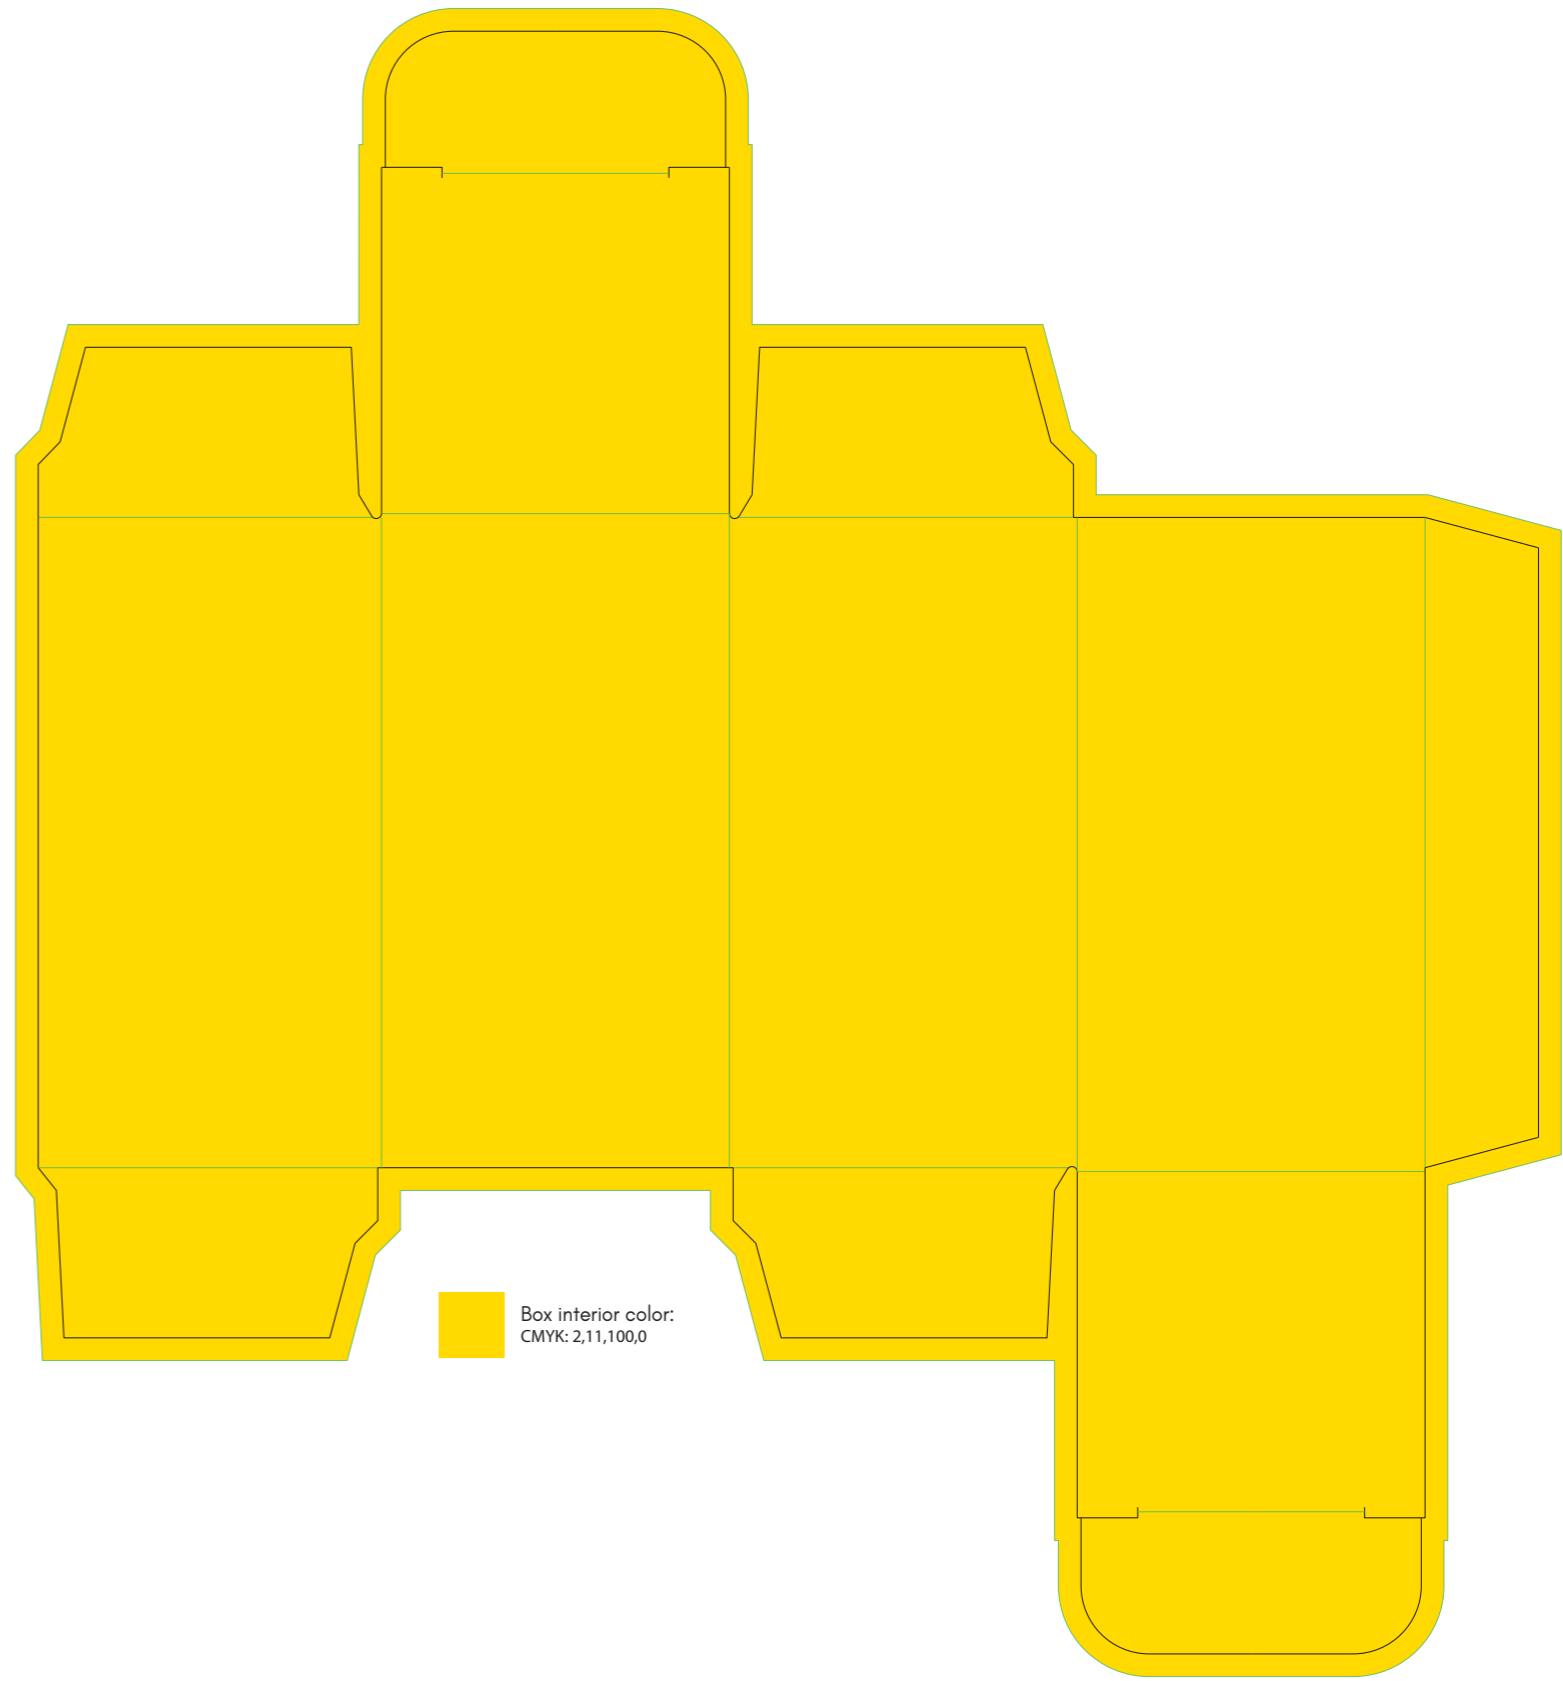

\*CBD is highly personalized so there's no "one dosage fits all" recommendation (dosage and benefits can vary between people even of the same weight and health condition).
