CyberPrism Pricing Model – 2025

At Cyber Risk International (CRI), we are committed to empowering organisations in their digital resilience journey. CyberPrism brings together a powerful combination of platform technology, expert advisory support, and professional education — delivered through a unified, strategic service framework.

QUICK PACKAGE SELECTOR

| Package | Ideal For | Price | Key Benefits |
|---------------|-----------------------|-------------------|---|
| Starter Pack | Pilots / Discovery | €10,000 (1 month) | Quick value, board engagement |
| Platform Only | Self-sufficient teams | €30,000/year | Scalable assessment, low-touch |
| Full Service | Governance, DORA/NIS2 | €60,000/year | Full support + training + expert advice |
| Group Add-On | Multi-entity orgs | €15,000/year | Tailored rollout with support |

1. CyberPrism Starter Pack

Price: €10,000 (One-off)

Duration: 30 days

Includes:

- CyberPrism platform access (1 assessment scope)
- 1 remote advisory session
- 1 onboarding session
- Full access to the EU Cyber Academy (for 1 Point of Contact)
- Option to upgrade to any annual package within 30 days (full credit applied)

👉 Ideal for rapid value discovery, board engagement, or exploratory compliance initiatives.

2. CyberPrism Platform Only – Annual

Price: €30,000/year

Duration: 12 months

Includes:

- CyberPrism platform access (1 assessment scope)
- Basic CyberPrism technical and application support (via email and documentation only). This excludes regulatory advice or compliance consulting.

Optional Add-ons:

- Additional assessment scopes: €2,500/year each (requires base platform license; co-terminates with base license)
- Remote advisory sessions: €1,500 each
- EU Cyber Academy access: €2,500/user/year
- Upgrade to Premium SLA: 10% of Annual Fees

👉 Ideal for organisations with in-house expertise requiring scalable, self-directed assessments.

3. Full Digital Resilience Support Service

Price: €60,000/year

Duration: 12 months

Includes:

- CyberPrism platform access (5 assessment scopes)
- 5 remote advisory sessions
- 1 executive or board-level session
- Full access to all EU Cyber Academy courses (for 1 named Point of Contact)
- Dedicated onboarding and a named Client Success Manager

Optional Add-ons:

- Additional assessment scopes: €2,500/year each (requires base platform license; co-terminates with base license)
- Additional advisory sessions: €500 each
- Additional EU Cyber Academy users: €2,000/year per user
- Upgrade to Premium SLA: 10% of Annual Fees

👉 A comprehensive solution blending platform capabilities, advisory expertise, and educational resources.

Flagship Service:

“Recommended for regulated entities or strategic transformation projects”

4. Group / Multi-Entity License

Typically, when a client engages with CRI, they purchase the **Full Digital Resilience Support Service** for €60,000/year. This includes a **manager account** on the CyberPrism platform, onboarding and ongoing support for a designated **Point of Contact (POC)**, access to training via the EU Cyber Academy, and expert advisory services. This client acts as the **base entity** and central point of engagement for their organisation. However, for larger organisations — particularly those with a **federated structure**, multiple regional divisions, or semi-autonomous subsidiaries — there is often a need to **extend the benefits of CyberPrism** to other entities within the group.

That's where the **Group / Multi-Entity model** comes in.

Rather than requiring each sub-entity to purchase the full €60,000 service independently, CRI offers a **Group Add-On License** for **€15,000/year per additional entity**. This option provides a cost-effective and scalable way for other internal entities to benefit from CyberPrism, while staying connected to the group's central digital resilience strategy.

Each Group Add-On includes:

- A **dedicated manager account** on the platform (licensed for 1 assessment scope)
- An **onboarding session** and dedicated support for the local POC
- **Access to the EU Cyber Academy** for that POC
- **6 remote advisory sessions** tailored to the entity's needs
- **1 executive or board-level session** (remote or onsite)

This structure allows each group entity to operate semi-independently on the platform, manage its own assessments, and receive tailored support — **without duplicating the full service cost.**

👉 **Ideal for** financial groups, government departments, regional health services, or any multi-entity governance structure that values alignment with central strategy while retaining operational independence.

Optional Add-ons:

- Additional scopes: €2,500/year each (requires base platform license; co-terminates with base license)
- Additional advisory sessions: €500 each
- Additional training users: €2,000/year per user
- Upgrade to Premium SLA: 15% of Annual Fees

At-a-Glance Comparison Table

| Feature / Package | Starter Pack | Platform Only | Full Service | Group Entity Add-On |
|----------------------------|--------------|---------------|--------------|---------------------|
| Price | €10,000 | €30,000/year | €60,000/year | €15,000/year |
| Service Duration | 30 days | 12 months | 12 months | 12 months |
| Assessment Scopes Included | 1 | 1 | 5 | 1 |
| Remote Advisory Sessions | 1 | – | 5 | 5 |
| Executive Session | – | – | 1 | 1 |
| EU Cyber Academy Access | 1 user | Optional | 1 POC | 1 POC |
| Onboarding Support | Yes | Basic | Dedicated | Dedicated |
| Named Point of Contact | Yes | No | Yes | Yes |
| Upgrade Option | Yes | – | – | – |

Price Lock Offer

All CyberPrism contracts are subject to a standard 10% annual uplift. However, clients who commit to a **3-year agreement** can secure a **fixed price for the full duration** — protecting against inflation or pricing changes.

Please contact your Client Success Manager to activate this benefit.

ASSESSMENT PACK PRICING (OPTIONAL ADD-ON FOR LICENSED CUSTOMERS)

| Pack Size | Standard Value (€2,500 x N) | Discounted Price | Effective Unit Price | Discount |
|---------------|--------------------------------|---------------------|-------------------------|----------|
| 10 Scopes | €25,000 | €22,000 | €2,200 | 12% |
| 25 Scopes | €62,500 | €52,500 | €2,100 | 16% |
| 50 Scopes | €125,000 | €95,000 | €1,900 | 24% |
| 100 Scopes | €250,000 | €175,000 | €1,750 | 30% |

NOTES:

- These packs **require an active base platform license** and **co-terminate** with that license
- Scopes can be **allocated flexibly across multiple group entities** within the license umbrella
- Ideal for enterprise-wide initiatives, extensive third-party assessments, or large-scale internal risk reviews

Service Level Agreement (SLA) Tiers

By default, the CyberPrism platform operates from 08:00 to 20:00 (Irish time), seven days a week. The service may be taken offline outside of these hours without notice for maintenance or upgrades. Clients on Custom SLA plans may request modified platform access hours.

All technical support is available Monday to Friday, 09:00–17:00 (Irish time), excluding bank holidays and public holidays in the Republic of Ireland.

| SLA Level | Response Time | Support Hours | Platform Uptime SLA | Data Backup Frequency | Support Channels |
|-----------|--------------------|--------------------------------|---------------------|-----------------------|-------------------------|
| Standard | 1 business day | Mon–Fri 09:00–17:00 (IE) | 99.5% | Daily (Mon–Fri) | Email + Scheduled Video |
| Premium | 4 hours (business) | Mon–Fri 09:00–17:00 (IE) | 99.9% | Daily (7 days/week) | Email, Video, Phone |
| Custom | Customised | Customised | Customised | Customised | Customised |

Clients may upgrade or customise their SLA tier independently of their selected service package. Please contact your Client Success Manager for tailored support arrangements.

Definitions

Assessment Scope

A discrete unit — such as a legal entity, division, geography, or third-party supplier — assessed independently within the CyberPrism platform. Each scope operates with its own profiling and reporting configuration.

Additional scope licenses require an active base license and align with the platform's annual renewal cycle.

Onboarding Session

A 1-hour remote session to activate access, configure user roles, and train the designated Point of Contact on platform usage. Follow-up advanced sessions are available upon request.

EU Cyber Academy Access

Grants the nominated POC unrestricted access to all course content for the duration of the contract — including live programmes such as the **Certified Digital Operational Resilience Officer (CDORO)** course.

Remote Advisory Sessions

Live online consultations (1–2 hours) with senior Virtual Digital Operational Resilience Officers (vDOROs). Designed to support strategic and regulatory goals. Sessions require 48 hours' cancellation notice.

Group Entity

An additional business unit or legal entity operating under the same corporate group. Each is hosted on the same platform but administered independently with a separate manager account.

Executive or Board-Level Session

A tailored strategy briefing for senior leadership or board members. Focuses on interpreting assessment results and aligning digital resilience initiatives with business priorities.
