

**Dear New River III Neighbor.**

**We live in a representative democracy. We expect our representatives will exercise independent thinking and support policies and legislation that don't harm us - and that reflect the MAJORITY VIEWS of precinct citizens.**

**But our current representatives HAVE STOPPED LISTENING - they are now bringing harmful policies straight to Watauga County. IT'S TIME TO HOLD THEM ACCOUNTABLE AND VOTE THEM OUT.**

**Make no mistake: in 2026, every election is partisan. Even Judicial seats are now tied directly to state platforms.**

**Any candidate who refuses to publicly condemn Raleigh's gerrymandered overreach into Watauga politics-or refuses to fight funding cuts for our healthcare, education, and environmental justice - is actively supporting these harmful policies.**

**They are hoping their silence fools you. DON'T BE FOOLED. This November, VOTE FOR CHANGE.**
