

TEMPLATE FOR

Space 10.9" iPad Floor Stand With NFC Attachment

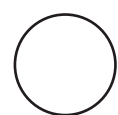

General Tips

- Place your artwork within the blue lines, on the "Your Design" layer (available as a layer in **Ai**)
- Edit and save your files in **CMYK**
- Outline all text before saving (select all layers, under the "Type" menu select "Create Outlines")
- Use vector artwork for best results. Images in your design should be **300ppi** or higher
- We recommend saving as a **PDF/X-1a**
- Branded Event Kiosk Pro with Rokku Faceplate comes in black kiosk color only

Bleed Zone

Make sure your background extends 0.125" to fill the bleed and avoid white on edges when trimmed. We recommend a common top to bottom bleed color to avoid possible color misalignment along perforation.

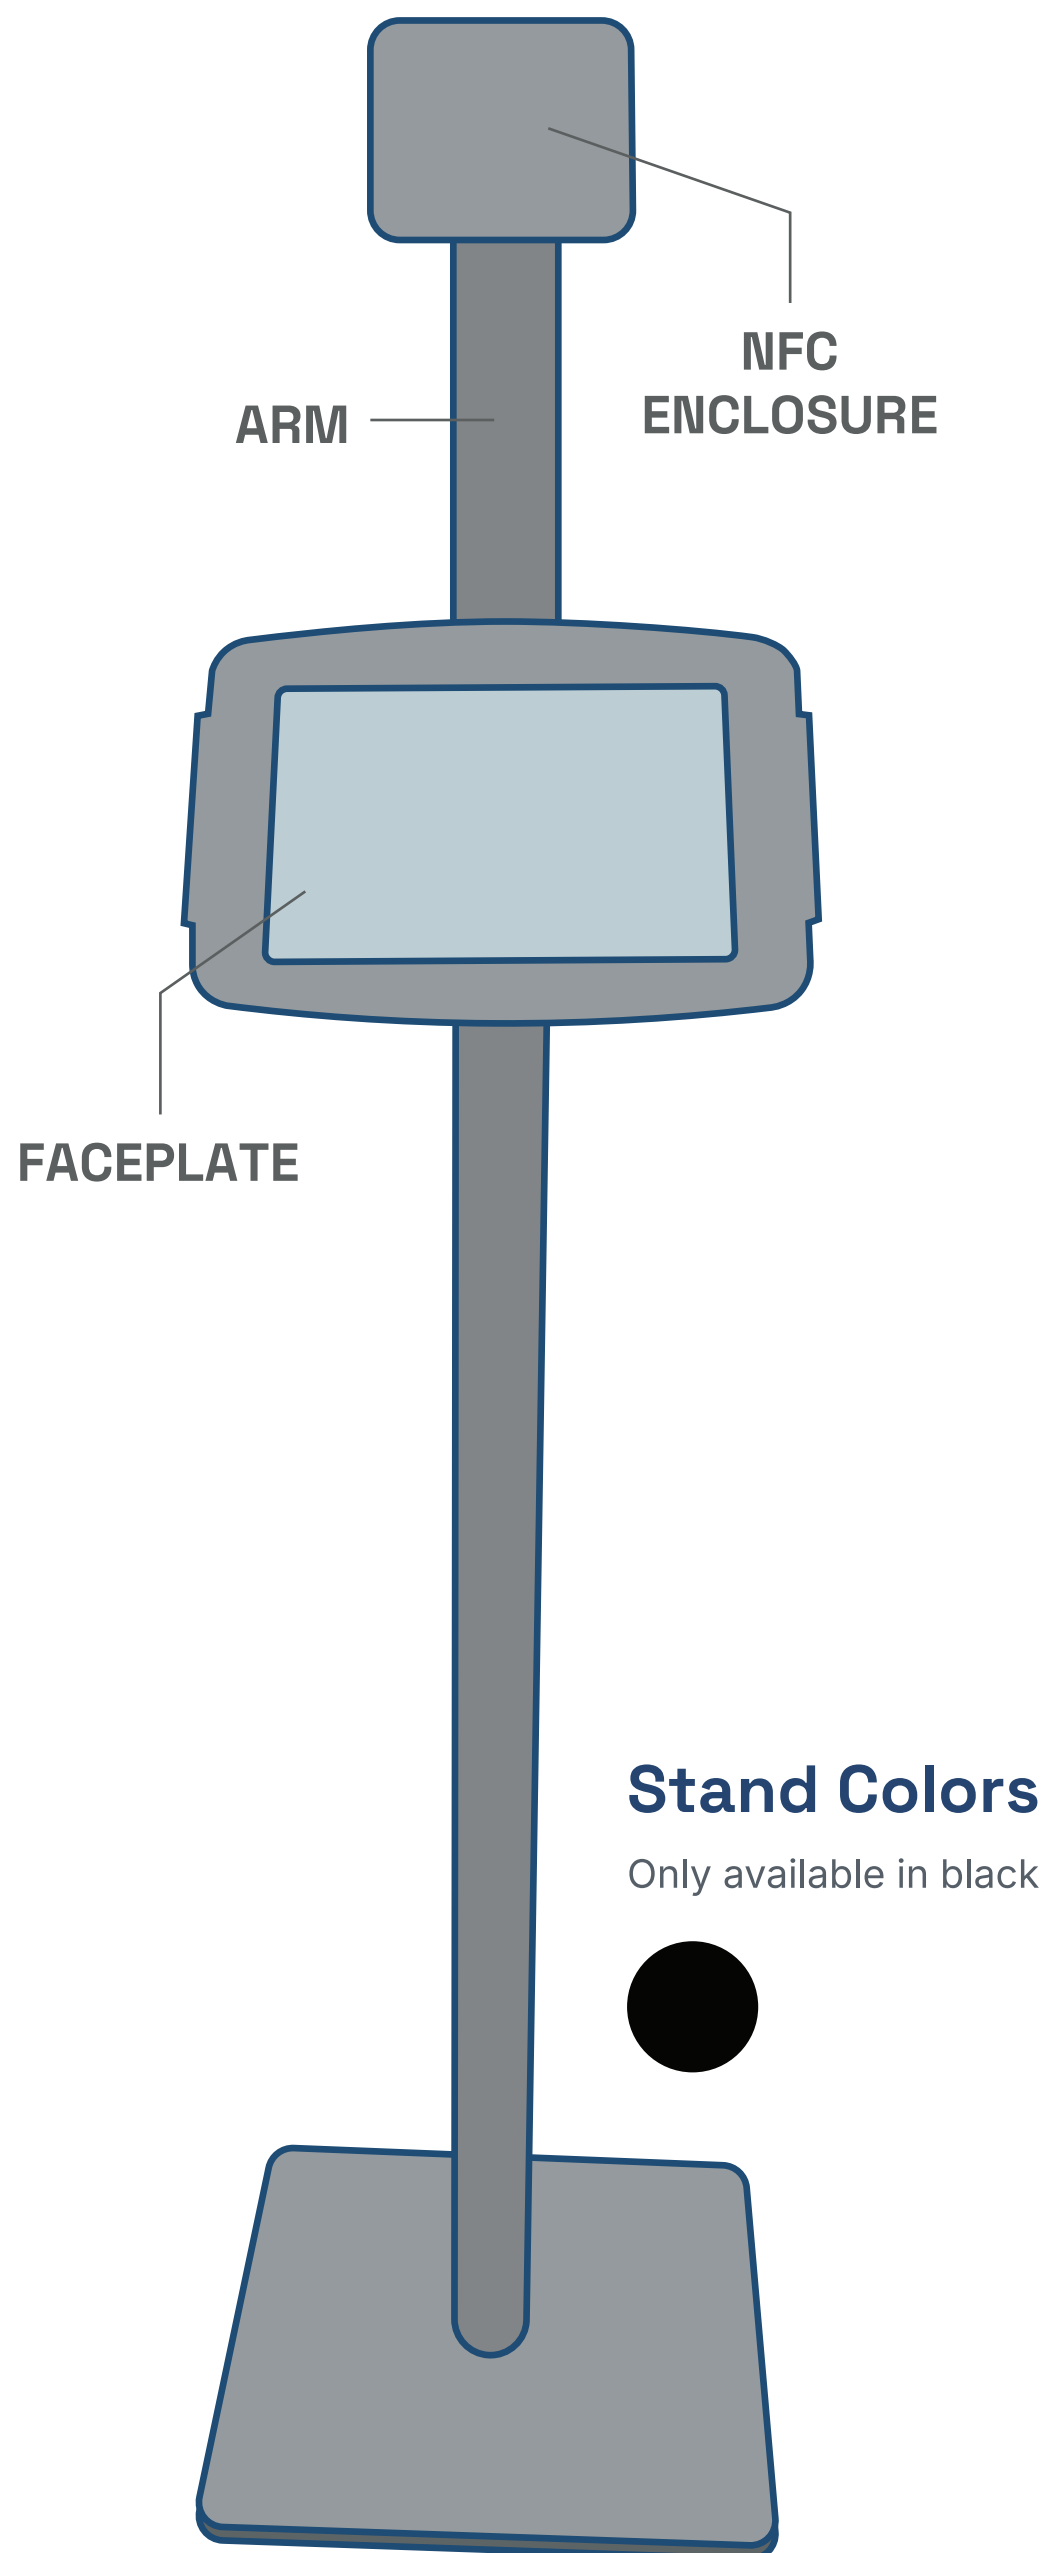

Trim Zone

Where your art will be cut

Safe Area

Make sure to keep important aspects of your design such as logos and text within the safe area.
