THE VALUE OF RV Prevention

Why quarterly care saves thousands.

BY THE NUMBERS
of RVs hit a major failure by year 5.
3 in 10 fail within year 2.
Quarterly service catches it early.

- WHERE DAMAGE STARTS
- 50% Roof seams & vents
 - 30% Sidewall & window seals
 - 20% Slide toppers & doors

SMALL FIXES BEAT BIG BILLS
The math is brutal.

MOBILE SERVICE
We come to you.
No dealer drop-off. No tow. No wait.
Service at your site, campground,
or storage lot across Central Florida.

SAFETY & TRIP-READY
Ready when you are.

Every visit checks LP, electrical, brakes,
tires, and seals — so the first trip of
the season starts on schedule.

RESALE
“Service history adds real
dollars at trade-in.”

+ \$2K–\$5K wholesale premium	+ 5–10% private-sale lift	NADA factors records
----------------------------------	------------------------------	-------------------------

YOUR CARE PLAN
Quarterly by design.

- Inspect 42-point quarterly system check
- Prevent spot-seal, flush, condition, adjust
- Protect records support warranty & insurance claims
- Priority front-of-line scheduling on service
- Document history that follows the RV to resale
