

# **TWO GUNS**

*Consulting & Construction, LLC*

***Two Guns Consulting & Construction, LLC (TGCC)*** is a specialty firm focused on the midstream oil and gas industry. The primary goal of TGCC is to assist midstream operating companies, as well as exploration and production companies, with the design, construction, and maintenance of their assets, specifically pipelines and related facilities.

## **SERVICES**

- Project Management
  - Project Management Consulting
  - "Cradle to Grave" Project Management
  - AFE/Budget Preparation
  - Detailed Design
- Construction Management
  - Route Selection
  - ROW Acquisition
  - Survey Coordination
  - Constructability Reviews
  - QA/QC Inspection
- LSTK / EPC Projects
- Integrity Work
  - ILI Make Ready Assistance
  - Anomaly Repair
  - Hydrostatic Testing
- Pipeline & Facilities Construction

**Pipeline Testing  
Consortium, Inc.**

**Main Office**  
6720 FM 1833  
Robstown, TX 78380  
Phone: 361.876.1318

[www.twogunscc.com](http://www.twogunscc.com)

### **TGCC COMPLETED PROJECTS**

➤ **Project Management / Consulting**

- Routing, Survey & ROW Acquisition Coordination for the installation of 6 miles of 12" through congested pipeline corridor near Corpus Christi, Texas (2014-15).
- Routing, Survey & ROW Acquisition Coordination for the installation of 60 miles of 12" pipeline in South Texas (2014).
- Routing, Survey & ROW Acquisition Coordination for the installation of 4 miles of 20" and 6" pipeline in Eastern Ohio (2013-14).
- Preliminary routing and AFE budget preparation for 540 miles of pipeline across Colorado, Kansas, and Oklahoma (2014).
- Constructibility review and routing for a 255 mile pipeline from Midland to Wichita Falls, Texas (2014).
- Constructibility review and FEED study assistance for approximately 350 miles of 42" pipeline from near Monahans to the Texas/Mexico border (2014).
- Routing, Survey & ROW Acquisition Coordination for the installation of 4.5 miles of 16" and 6" pipeline in Eastern Ohio (2013).

➤ **Construction Management / Inspection**

- Provide Construction Management and Inspection for the installation of 30 miles of 12" pipeline through congested corridors near Houston, Texas (2014-15).
- Safety inspection for the installation of 58 miles of 12" pipeline in South Texas (2014).

➤ **Construction / Lump Sum Turnkey Projects**

- Design and Installation of approximately 4,000 feet of 8" pipeline through "Refinery Row" near Corpus Christi. Project included three (3) complex 8" HDDs (2014-15).
- Integrity replacements on 8" pipeline through the Port of Corpus Christi industrial area (2014).

#### **TGCC MANAGEMENT TEAM PROJECTS**

- Project Management / Engineering / Consulting
  - Construction of 430 miles of 16" NGL pipeline for Enterprise Products (2013-14).
  - Construction of 340 miles of the ATEX 20" pipeline for Enterprise Products (2012-13),
  - Construction of 562 miles of the 30" Seaway pipeline for Enterprise Products (2012-13).
  - Construction of 170 miles of 24", 36", and 42" natural gas pipeline near Minden and Monroe, Louisiana for Regency Energy Partners (2009-10).
- Construction
  - Construction of 45 miles of 12" crude pipeline in South Texas for NuStar Energy (2012).
  - Construction of 60 miles of 6'/8" pipeline in South Texas for Enterprise Products (2012).
  - Construction of 42 miles of 10" and 12" pipeline in South Texas for Regency Energy Partners (2008).
  - Construction of 32 miles of 12" natural gas pipeline in Colorado for El Paso Natural Gas (2006-07).
  - Construction of 11 pipelines in one common ditch in Corpus Christi, Texas for Koch Pipeline (1997-98).

(C): 361.876.1318

### EXPERIENCE SUMMARY

A project-oriented individual with international, as well as domestic experience. More than fifteen years experience in onshore pipeline construction. Strong industry knowledge of design, analysis, and operation of pipelines and related facilities. Experience in Horizontal Directional Drilling operations and design and with compliance and implementation of DOT Safety Regulations 49 CFR Part 192 and Part 195 as well as ASME/ANSI B31.4 and B31.8.

### EDUCATION

1997-2001                   TEXAS A&M UNIVERSITY, College Station, Texas.  
                                  **Bachelor of Science**, Mechanical Engineering Technology, December 2001.

### EXPERIENCE

- **TWO GUNS CONSULTING & CONSTRUCTION, LLC, Robstown, Texas**

**PRESIDENT – December 2012 to Present**

Two Guns Consulting & Construction, LLC (TGCC) is a specialty firm focused on the midstream oil and gas industry. The primary goal of TGCC is to assist midstream operating companies, as well as exploration and production companies, with the design and construction of their assets, specifically pipelines and related facilities.

Our services include project management, design, construction, construction management, and Lump Sum-Turn Key/EPC projects. By offering all of these services under one banner we feel we can react quickly to the needs of our customers, which is a must in the current market with so many private equity firms and large companies chasing the new hot beds of activity, Shale Plays.

Our approach to these types of projects will be different than many of our industry peers. We intend to plan the work with the *construction* in mind. It sounds cliché but “plan your work and work your plan” is appropriate when it comes to pipeline and facilities projects. TGCC is of the belief that every minute of *proper* planning can save valuable time and capital dollars. One too many HDDs, a fitting in the wrong location, or forgetting to consider elevation changes when planning a hydrotest can greatly impact the outcome of a project.

With our team of *construction focused professionals* we plan the design efforts toward streamlining the field construction. Construction is typically the largest portion of most AFE budgets, but sadly it is usually an afterthought, with little attention given to constructability, contract language and unit pricing methodology, or how to select the ideal construction contractor for the type of project being designed. With that in mind, we feel that if the proper attention is given to that area early on in the planning process, then we can save our customers unnecessary headaches and wasted dollars once construction is underway.

**Luke Duncan**

(C): 361.876.1318

- **STORM FIELD SERVICES, LLC, Robstown, Texas**

**OPERATIONS MANAGER - January 2013 to July 2013**

Manager in charge of business development, contract review, estimating, and project management.

- **TENNESSEE PIPELINE CONSTRUCTION COMPANY, Sinton, Texas**

**PROJECT MANAGER - August 2012 to January 2013**

Project Manager in charge of multiple pipeline and facilities projects.

- **ADVANCED PIPELINE SERVICES, LLC, Sinton, Texas**

**VICE PRESIDENT OF OPERATIONS - February 2012 to July 2012**

Vice President in charge of operations for all pipeline and facilities projects for this South Texas based contractor. In charge hiring of project managers, superintendents, and other support personnel. Responsible for the estimation and the execution of pipeline and facilities projects.

- **HOLLOWAY CORPORATION, Canonsburg, Pennsylvania**

**NORTHEAST DIVISION MANAGER - June 2010 to February 2012**

Manager for the construction operations (cost tracking, scheduling, estimating, etc.) in the Northeastern part of the United States. Completed projects in Pennsylvania, West Virginia, Ohio, and Kentucky for various customers. Responsible for day to day operations and activities of a construction team consisting of 4-6 project managers and estimators, 8-10 superintendents, associated administrative personnel, and 400 to 500 craftsmen and laborers. Successfully completed approximately \$35,000,000 in construction work during the first year in the Northeast Division.

- **REGENCY ENERGY PARTNERS, LP, Dallas, Texas**

**PROJECT MANAGER - July 2007 to February 2010**

Provided engineering, project management, and construction management for a variety of operations, maintenance, and integrity related projects. *One particular project included coordination of a FERC 311 filing.*

- **NUSTAR ENERGY, LP, Corpus Christi, Texas (Formerly Valero Logistics Operating, LP)**

**OPERATIONS MGR/ PIPELINE OPERATIONS SUPERVISOR/ MECH. ENG. – October 2005 to July 2007**

Provided operations management, supervision, and engineering for the state of Texas and Oklahoma on crude oil and products pipelines and terminals.

- **UNIVERSAL ENSCO, INC., Houston, Texas**

**PROJECT MANAGER – June 2004 to October 2005**

Provided engineering, project management, and construction management for a variety of projects and customers.

- **OPE, INC., Houston, Texas**

**PROJECT MANAGER – December 2002 to June 2004**

Provided engineering, project management, and construction supervision for a variety of onshore and offshore projects in both domestic and international locations.

## Luke Duncan

15602 Northwest Blvd, Ste E  
Robstown, TX 78380  
[lduncan@twogunsc.com](mailto:lduncan@twogunsc.com)  
(C) 361.876.1318

- **BABCOCK EAGLETON, INC., Houston, Texas**

**PRINCIPAL ENGINEER – December 2001 to December 2002**

Provided engineering, project management and construction supervision for a variety of projects and customers. Assisted in acquiring a Presidential Permit for a 10" pipeline installation across the Rio Grande River near Brownsville, TX.

### **VARIOUS POSITIONS**

Prior to and during his college career (1996-2001), Luke worked in the pipeline construction industry as a laborer and worked his way up to a foreman and then engineering technician for several pipeline construction contractors and engineering firms. During this time he performed duties such as operating heavy equipment, managing field level purchasing, managing construction crews, and developing estimates.

Robstown, TX 78380  
[randy@twogunsee.com](mailto:randy@twogunsee.com)

### **EXPERIENCE SUMMARY**

Over 50 years experience in the Pipeline and heavy construction Industry. Primary experience has been in cross-country oil and gas pipeline construction. Since 1979 nearly all experience has been in the management and execution of large scale projects in domestic and international arenas.

### **PROFESSIONAL EXPERIENCE**

- TWO GUNS CONSULTING & CONSTRUCTION, LLC, Robstown, Texas**

**DIRECTOR OF OPERATIONS – February 2014 to Present**

- Manage various projects from estimating and budgeting through construction.

- HOUSTON INSPECTION & FIELD SERVICES, Houston, Texas**

**PROJECT MANAGER - 2009 - 2014**

Manage and direct multiple construction projects including:

- Enterprise Products ATEX Project, Spread #1 & #2
- Enterprise Products Front Range Project, Spread #2, 155 miles of 16"
- Enterprise Products Eagle Ford Expansion, 78 miles of 30"

- PEGASUS ENGINEERIN, Houston, Texas**

**CONSULTANT – 2007 - 2009**

- Routing of 189 miles of 30" pipeline for TransCanada from Manzanillo to Guadalajara, Mexico.
- Feasibility study for the construction of 800 km of 24" pipeline for Petro Peru.
- Routing and estimating of 23 miles of 36" pipeline for Kern River through Salt Lake City, Utah.

- A&L UNDERROUND, Alvin, Texas**

**PROJECT MANAGER – 2005 - 2007**

- Installation of nine (9) pipelines across the Tigris River in central Iraq for North Oil Company.
- Installation of 32 miles of 12" pipeline for El Paso Natural Gas.

### **VARIOUS POSITIONS**

Starting in 1963 Randy began his career as a welder, working his way up through various rolls. Over the past 50 years Randy has been involved in well over 6,000 miles of pipeline projects all across the globe and is familiar with all aspects of the industry.

Robstown, TX 78380  
[dbrown@twogunsc.com](mailto:dbrown@twogunsc.com)

## EXPERIENCE SUMMARY

Nearly 35 years experience in the Pipeline Industry starting as a construction laborer and has run the gamut of disciplines in pipeline construction and project direction and management. This work includes pre-project planning, preliminary routing, budget estimating/cost control, pipeline and facility design, materials specifications, environmental consulting, contract development and administration, logistics, quality assurance management, construction management, technical writing & procedure development.

## PROFESSIONAL EXPERIENCE

- **TWO GUNS CONSULTING & CONSTRUCTION, LLC, Robstown, Texas**  
**SR. CONSTRUCTION MANAGER – February 2014 to Present**
  - Project Manager for the design and construction of 30 miles of 12" pipeline through the Exxon and CenterPoint corridors along the Houston Ship channel.
  - Various front end development and studies for large diameter cross country pipeline projects.
- **ENTERPRISE PRODUCTS COMPANY, Houston, Texas**  
**PROJECT DIRECTOR / SENIOR PROJECT MANAGER**

Manage and direct project managers and contractors in association with multiple overlapping, Capital Expense projects. These duties included but were not limited to:

  - Develop preliminary pre project routing and facility location feasibility studies and utilize these studies in development of project budget estimating and in service scheduling for Board AFE approval and execution.
  - Develop budget estimates for all major Cap Ex pipeline projects from 2009 through 2013 with exception to Seaway II Loop Project and the Eagle Ford Crude Delivery Project. This equates to approx. 1,600 miles of approved projects that have been completed and are in service or are in some phase of execution. Pending projects equate to another approx. 1,200 miles that were estimated and submitted for Board approval.
  - Manage, consult and direct project managers and contractors in association with detailed routing, engineering and design.
  - Manage, consult and direct project managers and contractors in association with ROW acquisition activities.
  - Manage, consult and direct project managers and contractors in association with US Army Corp of Engineers Nation Wide 12 permits, PCN's and wetland delineations and design in association with these features, along with other Federal, State, County and Municipal permitting and License agreements.
  - Manage, consult and direct project managers and contractors in association with design, survey, engineering, alignment sheet development and materials requirements and acquisition.
  - Manage, consult and direct construction bid process, from development of construction Scope of Work through award and contractual agreement.
  - Manage, consult and direct multiple Project Managers and Construction Managers during construction of various overlapping Cap Ex cross-country pipeline projects.
  - Manage, consult and direct pre commissioning activities and assist operations group in placing projects in service.
  - Manage, consult and direct project as-built, completion package documentation compilation.

***Don R. Brown***

15602 Northwest Blvd, Ste E  
Robstown, TX 78380  
[dbrown@twogunsc.com](mailto:dbrown@twogunsc.com)

• **UNIVERSAL ENSCO, INC., Houston, Texas**

**SENIOR PROJECT MANAGER**

Manage preliminary routing and feasibility studies, assist in project budget development, preliminary and as built survey, engineering, design, drawing development, materials procurement, and construction management activities for various capital expense projects for various companies including:

- Florida Gas Transmission Company Phase VIII – 465 miles various diameters natural gas transmission pipeline and compressor stations. (Preliminary Only)
- Trans Canada-Keystone XL Phase II – 565 miles 36 inch diameter crude oil pipeline. (Preliminary Only)
- Enbridge Lacrosse Project – 265 miles 42 inch diameter natural gas transmission pipeline and compressor stations. (Preliminary Only)
- Enterprise Products Company-Sherman Extension Project – 175 miles 36 inch diameter natural gas transmission pipeline. (Preliminary through In- Service)
- Enterprise Products Company-Trinity River Basin Lateral Project – 42 miles 30 inch diameter natural gas transmission pipeline. (Preliminary through In- Service)

• **PANHANDLE ENERGY, Houston, Texas**

**QUALITY ASSURANCE MANAGER**

QA/QC Manager for Panhandle Eastern Pipe line, Trunkline Gas Company, Florida Gas Transmission & Transwestern Pipeline projects. Duties included:

- Manage QA/ QC Field personnel
- Coordinate Vendor Inspections for Electric driven Compressor Units, Turbine driven Compressor Units, Line Pipe, 6D Ball Valves, Non-fired Pressure Vessels, Heat Induction Bends, and PCR Buildings.
- Perform audits at Field Construction sites for assurance of adherence to Engineering Standards, Quality Controls and DOT requirements.
- Manage and Coordinate compilation of Project Specific Documentation Completion Packages.
- Assist Procurement Department with specification requirements of project materials and vendor warranty issues.
- Manage Project As Built Survey parties.
- Assist construction group with welding procedure qualifications, hydro testing specifications, NDE specifications and post project as-built specifications.
- Perform Mill Audits at Pipe Manufacturers, Y grade Fitting Manufacturers, Valve Manufacturers, Non-fired pressure vessel manufacturers for consideration for addition to PE's Approved Manufacturers List.
- Assist Engineering with pre project planning concerning routing of pipelines for various projects. Identify and acquire Rail Road Sidings and Pipe Lay down Yards for all Projects. Identify and acquire Hydro test water sources for the Transwestern Phoenix Project.

## *Don R. Brown*

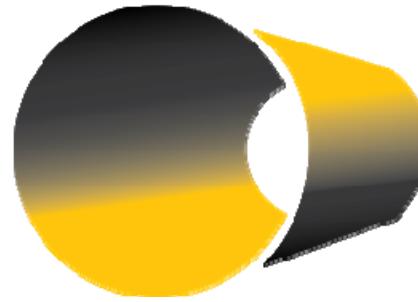

15602 Northwest Blvd, Ste E  
Robstown, TX 78380  
[dbrown@twogunsc.com](mailto:dbrown@twogunsc.com)

- **OTHER REPRESENTATIVE PROJECTS**

- Chief Inspector for the installation of 458,000 HP of compression for the Northern Border Pipeline, Chicago Project.
- Superintendent for the installation of 72 miles of 10" pipeline from Pinon, NM to the Hudspeth/El Paso County Line in Texas. Project crossed the Cornucopia Mountains and Hueco Canyon.
- Superintendent for approximately 140 miles of pipeline reconditioning projects for El Paso Natural Gas in Arizona, New Mexico, and Texas.

### **VARIOUS POSITIONS**

Don began his career as a pipeline construction laborer in 1975 and progressed through the ranks to welder, foreman, superintendent, and construction manager, completing projects across the continental US. Over the years he has worked for several different contractors including B&H Construction and Foutz & Bursum Construction as well as several major operating companies and engineering firms such as Enron, Saginaw Gas, Gulf Interstate Engineering, and CDI Corporation.
