disposal, there can be no room for error. Safety, reliability and trust are qualities that can't be compromised. But, affordability and exceptional service can be part of the package too.

MedSharps is fully licensed, 100% compliant for all types of regulated medical waste, and can legally and safely remove your medical waste products.

It's one thing to collect medical waste, but it's even better to be able to transport it safely and locally to a state-of-the-art sterilization site that can further minimize exposure and risk.

Certification

MedSharps is certified to transport and treat medical waste. We are fully compliant with the Texas Commission on Environmental Quality (TCEQ) and Department of Transportation (DOT) standards. We also meet the demands of the Environmental Protection Agency (EPA), Health Insurance Portability and Accountability Act (HIPAA) and Occupational Safety and Health Administration (OSHA) regulations for medical waste transport and treatment.

TCEQ Transport: MSW50121
TCEQ Treatment: MSW40244
