BENGKUNG

Is known as a traditional belly binder which has been proven to slim and tighten post-natal tummy.

Our outer bengkung is designed with 3 supple elastic bands which wraps tightly around all body contour types; combined with the strings-tightened inner bengkung, it provides far superior tightening effect as compared against other binders. This is our breakthrough design that has helped our customers achieve far greater results within a shorter time.

SLIMS, TIGHTENS, & SHAPES

Our bengkung achieves 3 amazing results when used daily:

- Slims post-natal tummy
- Tightens saggy skin around belly
- Shapes the hips area

MODERN BENGKUNG

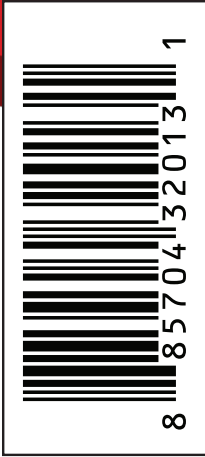

MORE PRACTICAL

- Velcro tips helps you fasten the outer bengkung with ease.
- Our bengkung is not visible when worn underneath clothes.
- Suitable for all women who are looking to tighten their tummy, waist, and hips

MORE COMFORTABLE

- Full sized elastic band follows the contours of your body.
- Supple elastic bands allows flexibility of movement and firm support at the same time
- Easily adjust the tightness of the bengkung in a minute.
