

# COMPUTER CAPERS

School holidays are here, "Mum, Dad I'm bored there's nothing to do", fear not Computer Capers is here, come and join Rob's fun filled classes, I am offering 9 fantastic days, each day will be broken into two 3 hour sessions where students can enrol for the morning session, afternoon session or stay for the day. The cost is \$20 per session or \$35 for the day, snack and drink will be provided. Students staying for the day must bring a packed lunch. Classes are available for current (2015) year 2 to year 10 students. All classes will be held in the St Joseph's MPA.

**The Build off** Calling all Minecraft builders, back by popular demand CC's will be running 2 Minecraft build off tournaments, with over **\$100 in prizes** and a \$50 iTunes card for first prizes, students will have 2.5 hours to complete their masterpiece, for more info on this event go to [www.computercapers.com.au](http://www.computercapers.com.au)

**CC's Mod Pack** is a must for every Minecraft Fan, CC's very own modpack with over 20+ mods. The PC version of the game today is less about building a dirt shed to cover in overnight, and more about space exploration, magical dueling or building enormous factories controlled by banks of computers and powered by nuclear reactors. Minecraft's ongoing popularity is largely thanks to its mods, and more recently, modpacks

**CC's Hunger games Tournament** Calling all tributes, calling all tributes, the time has come the tournament has arrived. Come test your skills in the legendary tournament for survival. With over **\$100 in prizes** up for grabs, you will need to book early

**Pixelmon** for Minecraft 1.6.4/1.7.5 is a modification for Minecraft inspired from a Anime series 'Pokemon'. It's a multiplayer supported mod that adds 200+ alive Pokemons inside your Minecraft world. Every Pixelmon has its own attributes, habits, damage, armor, aggression and training. The fun part is; they can be captured inside the 3D Pokeballs after a battle.

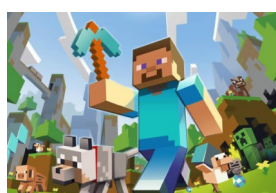

**Battle mod** This one is for all the PVP pro's out there, CC's very own Battle mod pack which will bring loads of fun and excitement into the game, also played on a custom server so you can put your skills to the test.

**CODE** Write your first Computer program. Learn the basic concepts of Computer Science with drag and drop programming. This is a game-like Angry Birds and Plants vs. Zombies. Learn repeat-loops, conditionals, and basic algorithms.

**Ultimate Modded Survival .2** Very excited about this one!! We will play Minecraft the way it was designed, OLD SCHOOL with a few mods . It will take place on an island with no shelter or food, we will first need to survive the night, and work as a team to build shelter find food and of course keep the bad guys out, this one is not for the faint hearted.

**Minecraft Maina** the most popular game on the internet, come and play here in a safe secure area on Rob & Joels all **NEW** Minecraft sever which holds loads of Minigames like automated HUNGERGAMES, Paintball, Spleff, Mob arena, Splegg and many more. If you have never played don't worry its very user friendly, Build a house, Mine for diamonds and have fun.
