Message from the Director

10 years. I have spent 10 unbelievable years as the Artistic Director of The Civic Ballet of San Luis Obispo. I have the best job in the whole world because I get to see young, talented dancers grow into fully realized professional dancers and then continue on to be amazing adults excelling in not only dance, but in life. I would like to take credit for this growth and success, but as for most things, it takes a village.

Volunteers, teachers, tech personnel, photographers, florists, costumers, choreographers (and many more) all come together to shape The Civic Ballet experience. The most important part of the equation of course is the dancer. It is the dancer that you will see before you now. You will not see (if we've done our job right) the nearly four months of rehearsals, the visits to the physical therapist, the alarm that wakes them up so they can get their homework done BEFORE school, the blisters, the missed school dances, missed parties, etc... Passion is what you get. Passion for an art form that these dancers have been pursuing for most of their lives.

Thanks to them. Thank you dancers for your hard work and passion. Thank you to the Board of Directors for the past 10 years; I look forward to the next 10, 20, 30... Thanks to the many in the community who have supported us in collaborating with the OperaSLO Symphony Orchestra to once again bring live orchestra to the Civic Ballet Nutcracker.

Thanks to you! Thank you for being a participant. Thank you for showing us your support by buying a ticket and being here today. You are an important part of our equation and we strive to give you the most compelling, professional, passionate, and theatrical experience on the Central Coast.
