

Robot body, cube shaped with centre port on each side

- Robot with following components broken into separate parts.
- Colours should be Yellow/Green and Grey Theme

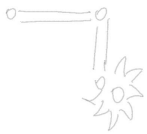

- Each port on the robot body can sustain a different attachment
- Not too cartoon like, more as a product vision.

← arm attachment, excavator

← arm attachment, plant watering can

← arm attachment, lawn mowing

← arm attachment, vacuum

← arm attachment, drill

← Top attachment, monitor with smiley face

← Base attachment, tank tracks

← Base attachment, wheels

- Components to be drawn separately
- End product after combining these will be two arm attachments, the robot body, robot base and top attachment monitor.
