The special atmosphere on board this classic ship is enhanced by the assistance you will receive from the Officers and Crew who will ensure someone is always on hand to provide efficient, yet unobtrusive service.

The Calypso offers relaxed seating arrangements for all meals in the elegant surroundings of its numerous buffet areas and restaurant after which you may wish to take advantage of the excellent and varied entertainment programme, try your luck in the ship's casino, take in a film, or simply relax with an after-dinner drink in one of the ship's many bars.

During the day you can participate in the various sporting activities available, enjoy a swim or just relax in the sauna and don't forget the shore-based activities and tours to suit all variety of tastes.

The Calypso is a ship full of charm and offers a unique living environment.

what are the benefits?

owning a stateroom will be one of the greatest decisions you ever make.

So what are the benefits of coming on-board as a resident/stateroom owner? That's easy to answer!

You'll be travelling the World in your own home to some of the most beautiful and exotic locations, you'll have a crew of over one hundred and sixty people with their sole occupation being to take care of your needs and desires, you'll explore some of the most wonderful places on side-trips, be amongst like-minded people

that also want to travel, have people to share the experience with and most of all you'll be able to bring your family along (given that our cruise ships have spare rooms specifically for your family and non-resident friends) to come and stay with you during their holiday time.

What other reasons are there?

Here are just a few of them:

- You'll never have to wash another dish again.
- You'll never have to cook your own meals.
- You'll never have to make your own cup of coffee or tea again.
- You'll pay your bills with a single, flat rate payment each month.
- You'll have access to all cruise ship facilities.
- You'll travel the World exploring some of the most exotic destinations on the planet.

- You'll be treated like a guest in a fine hotel and because it's your home, you won't be treated like an elderly patient put "out to pasture" as you may in a retirement village.
- You'll see some of the most beautiful destinations, stopping at a new destination each and every week to explore the World.
- You'll receive personalised service from an experienced crew.

a way of life

a floating city where you are one of a select group of residents

A cruise ship is essentially a small floating city therefore all of the local services that you're ever likely to need are available right on the cruise ship.

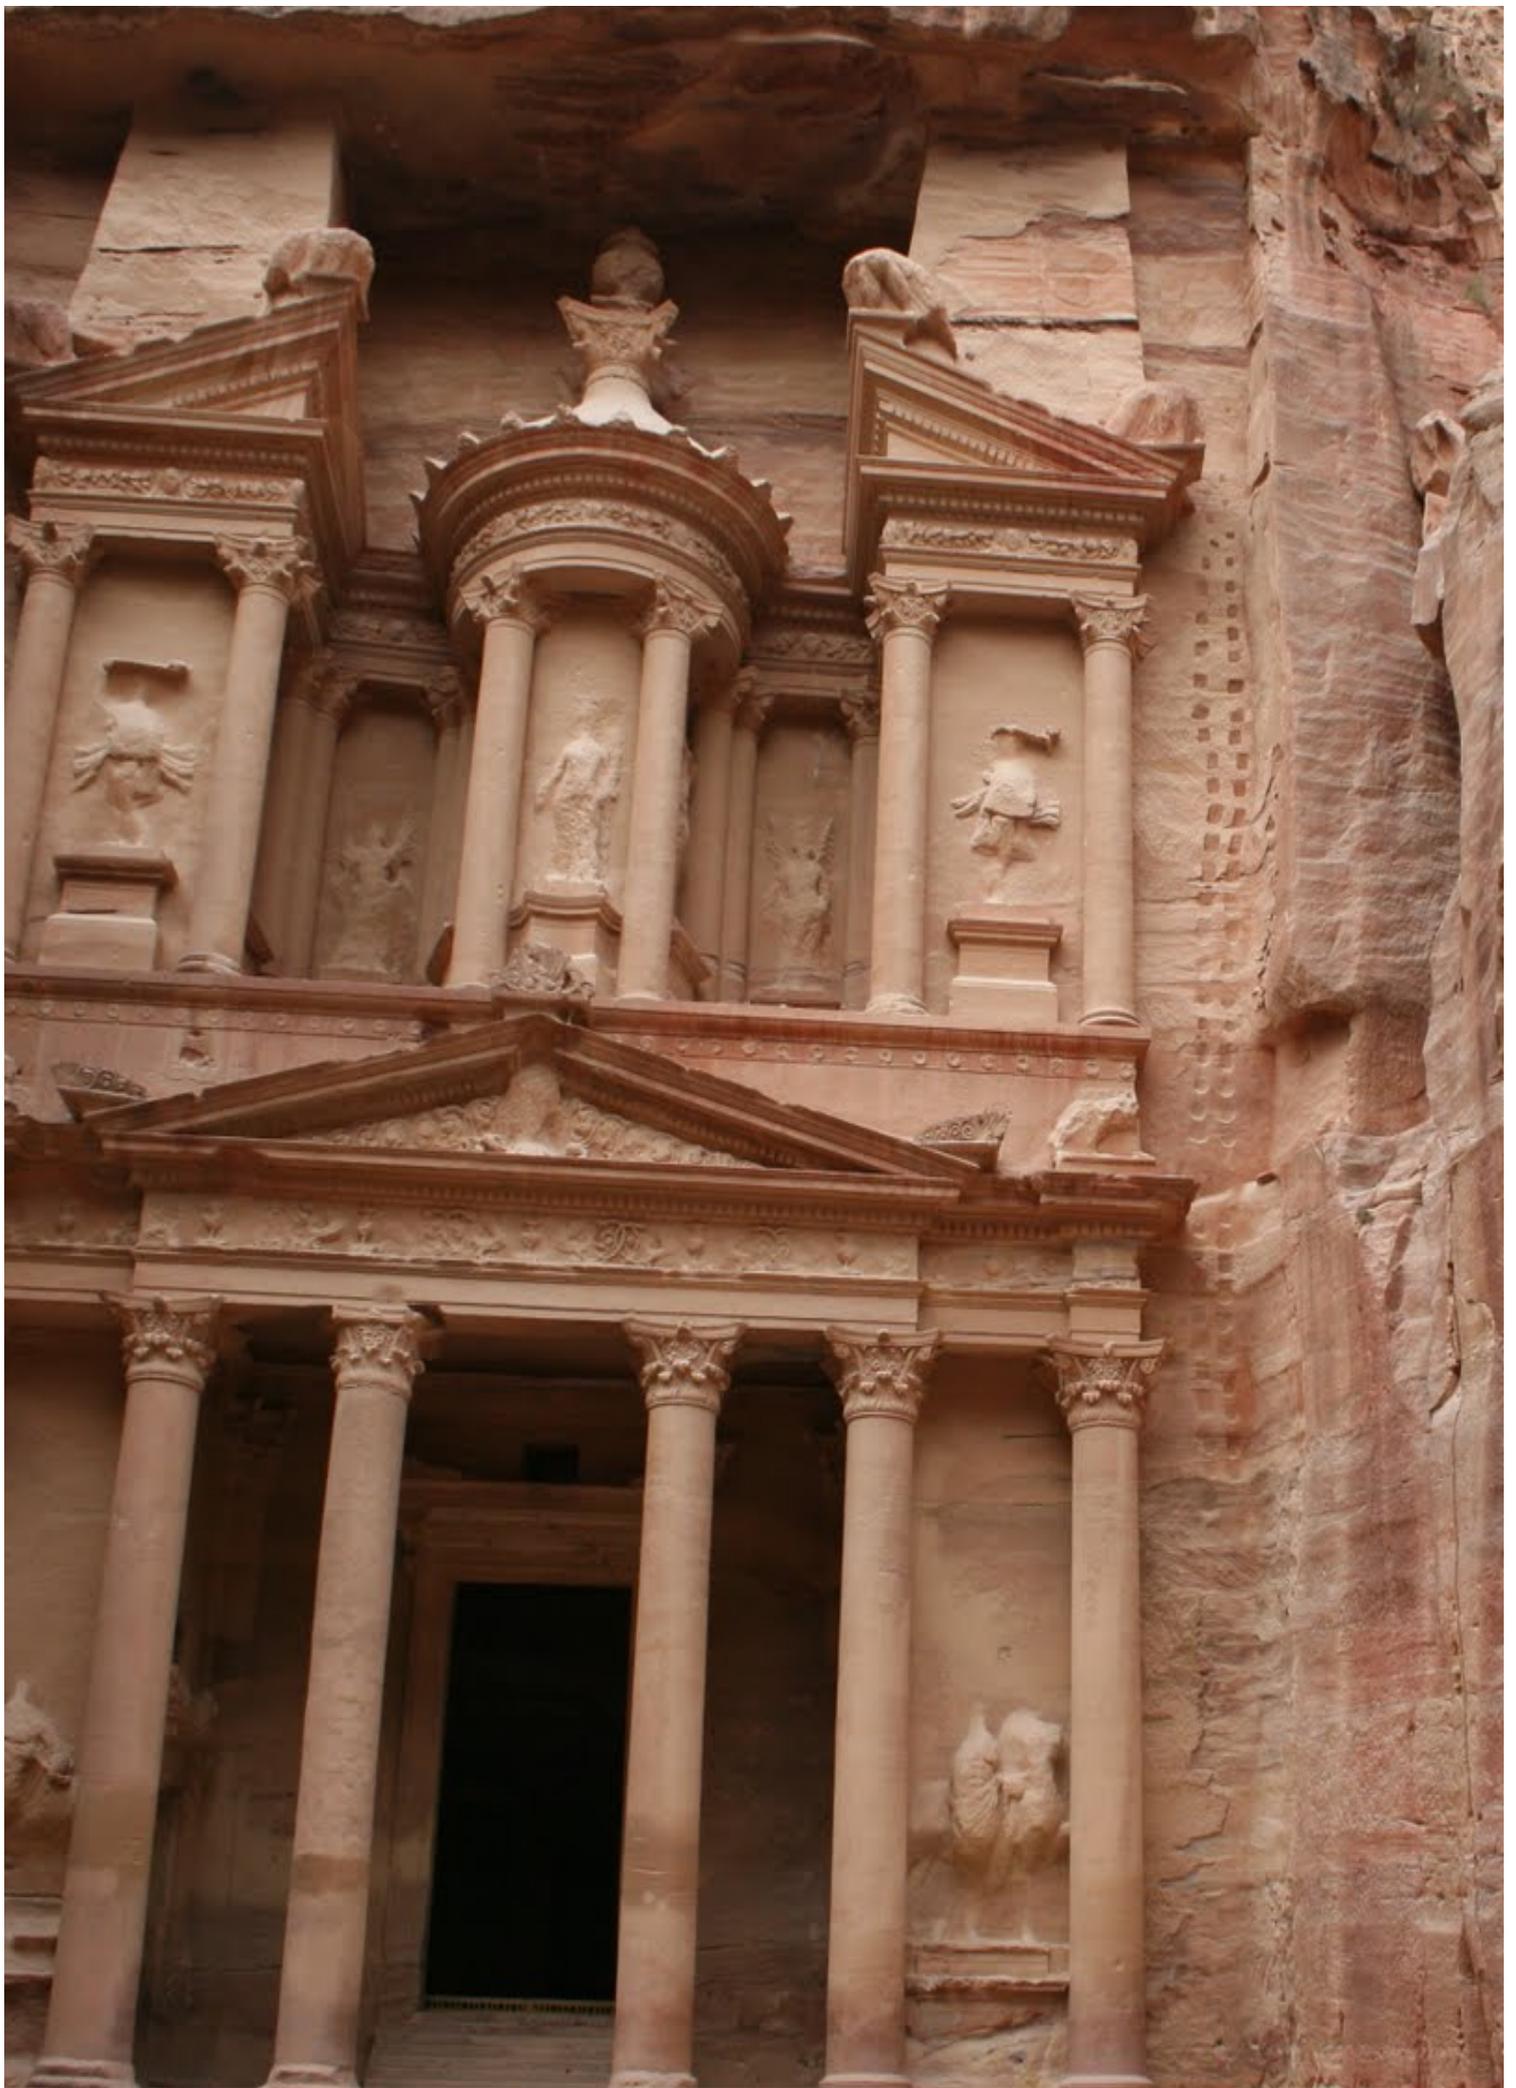

Want to look your best before a function or anniversary, then stop in at the beautician and get dolled up. Feeling unwell, make an appointment with one of the ship's doctor, want some photos developed, visit the photographic lab and they can print out some of your favourite happy-snaps.

Want to take a side-trip with a tour guide around one of the destinations you're going to be

travelling to? Not a problem, arrange this with the on-board travel agent. They can also arrange car hire if you want to spend the day driving around with some friends, make a booking for you at one of the local restaurants or even help you arrange flights for your family to come and stay with you as a guest in their own stateroom (additional charges for visiting guests)

Services on each Cruise Retirement ship are as follows:

- Hairdressers
- Beautician
- Doctor/Pharmacy
- Confectionary Shop
- Restaurants
- Bars
- General Store

just visiting

no, this isn't monopoly. You can have visitors any time!

We certainly encourage you to invite friends and loved ones along to share the journey with you and as a matter of fact we have factored this into our system for you.

Your Cruise Retirement International cruise ship will only have approximately 80% capacity with the remaining 20% of the staterooms on the ship being available much like a normal cruise ship with one special difference: these are for your visitors to stay as long as you want them to though of course as we're sure you can appreciate we can't provide accommodation, meals and all the things that go with your visitor's cruise at no cost.

If you have a friend or loved one that you would like to travel with you, we can arrange a stateroom at a standard cruise

travel rate (based on either a nightly or weekly basis).

All Visas and port clearances required are the responsibility of the traveller and must be arranged well prior to their visit to the cruise ship.

An example of such a scenario would be that you want your Son or Daughter to visit with their family; they have Christmas time free so you speak with the Travel Agent on-board and they arrange for your family and your Grandchildren (2+ only due to international cruise laws) to land at the nearest airport to the cruise

timelines

now you're cruising there really is no hurry

Sit in the shade of the pool bar with a beer or cocktail or watch the Sun go down off the coast of one of the tropical islands you'll visit regularly.

You want to visit the Bahamas? How about Belize, Fiji, Mauritius, the Maldives? All of these places will be within reach and you'll be travelling in style whilst you travel the World. Can you ask for more than that? All the while you'll be in good company, have friends and family to share the experience with and your every need will be met.

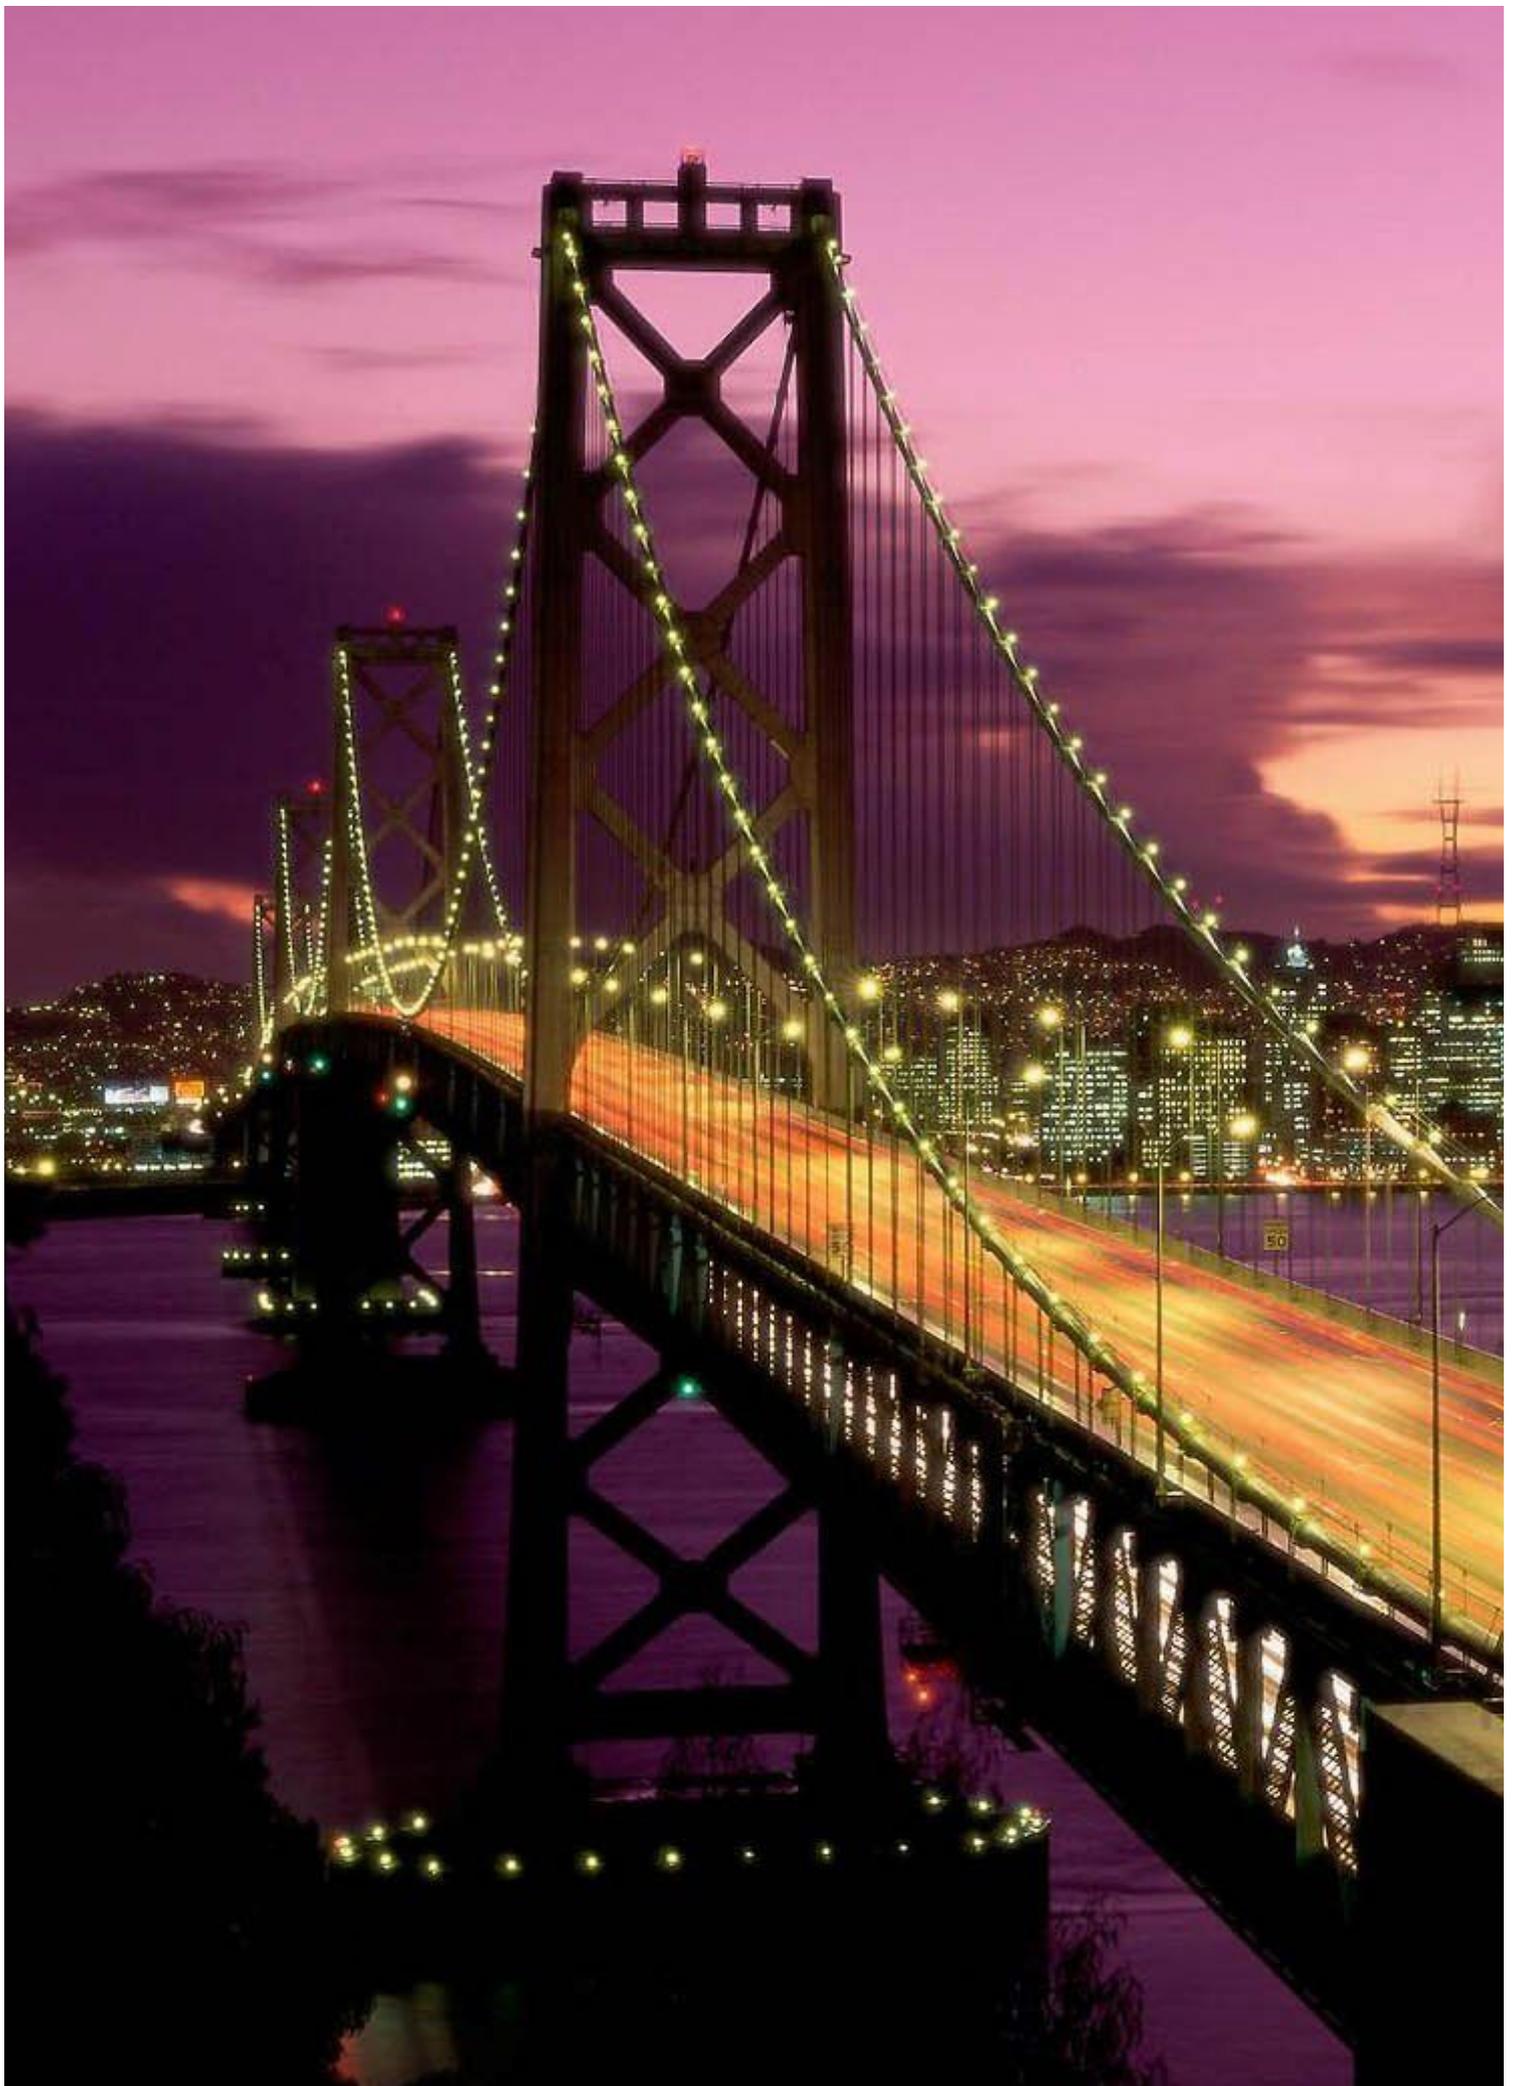

You'll never have to wash another dish again, take out the garbage or make the bed and you'll be travelling around the World. Think "first class permanent World Tour" and you've got the idea behind the Cruise Retirement philosophy.

You'll visit places you've never seen, some "tourist traps" and also "off the beaten track" places that only the locals of the area know exist? How? We are in constant contact

with Travel Agents from all over the World and via local Tour Companies; we arrange side-trips for you to visit places that only the locals of the area would know. You will now be able to visit forgotten temples that don't appear on any tourist map and you'll see the World in style.

Need a massage? Book one in and you'll be relaxing getting a rubdown to sooth those weary muscles; just part of the lifestyle you'll be a part of on a Cruise Retirement ship.

We aim to provide a unique experience at Cruise Retirement and want you to spend your Twilight Years not only enjoying yourself but also seeing the places you never expected to visit.
