

SPECIALIZING IN WORK RELATED INJURIES OF THE **HIP | KNEE | SHOULDER/ELBOW | ANKLE**

David King, MD is a board certified Orthopedic Surgeon. Fellowship trained in hip arthroscopy, sports medicine, and general orthopedics, Dr. King has expertise in arthroscopic and open surgery of the hip, shoulder, knee, ankle and elbow.

Dr. King was raised in Atlanta, Georgia. He attended the University of Virginia where he received a Bachelor of Arts in 1997 as an honors major in neuroscience. He received his medical degree from Emory University School of Medicine in Atlanta, Georgia in 2001. Dr. King then completed a five-year residency in Orthopedic Surgery at Washington University School of Medicine/ Barnes-Jewish Hospital, where he served as Chief Resident.

Following residency, Dr. King completed a Sports Medicine and Hip Arthroscopy fellowship at the Steadman Hawkins Clinic in Vail, Colorado. His fellowship focused on the treatment of injuries to the shoulder, knee, elbow and ankle, with a special emphasis on arthroscopic treatment of hip injuries. He spent extensive time training with Marc Philippon, a pioneer in hip arthroscopy.

Dr. King specializes in the comprehensive care of work-related injuries of all types. He provides quality non-operative and operative care to rapidly return patients to work while minimizing costs and disability.
