INSTRUCTIONS

1 - Power On

Press & hold the button for 3 seconds till blue light blinks.
(Blinking light = Pairing mode).

2 - Pair with Phone

Open Bluetooth settings on your phone, search for and select "Winnersun" to connect. (Constant light = On mode)

3 - Rotate Clamp & Extend

Rotate Clamp to desired angle, up to 270 , and tighten knob. Holding handle grip and base of clamp (careful not to hold the top of the clamp), gently pull to extend section by section

4 - Insert Phone & Snap!

Pull up on the rubber tab at the top of the clamp mount, insert phone, then release. Ensure phone is secure. Open your camera app and switch to front facing mode. Press remote button to take photos . If not used for 5 minutes, it will turn into standby mode. Press button once to wake it up.

5 - Turn Off & Recharge

Remove your phone, rotate the clamp back into original position, and holding both ends, gently push stick together. Press and hold button for 3 seconds to turn off. (No Light = Off mode). Recharge by plugging the micro USB cable (included) into bottom of handle, using a USB wall charger or port on your computer. Device is charged when red light at bottom handle turns off.

Charge Time: 30 minutes
Standby Time: 3 days
Working Time: 20 hours
Charging Voltage: 5V

6 - Warranty

Unconditional 45 day refund or replacement.
2 year VIP Warranty with registration.
