

I like the style of this logo. Specifically the texturing throughout the whole image. I like the old style of the ribbon and font.

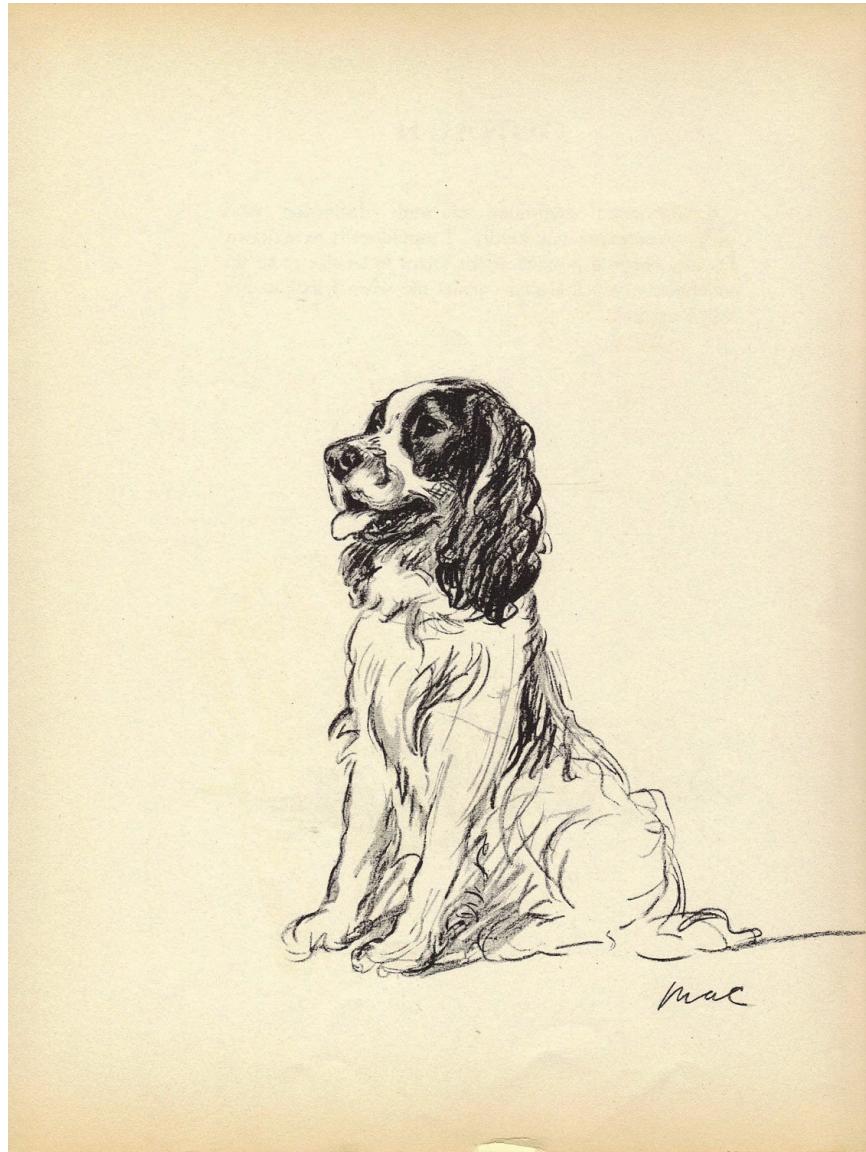

I would like to incorporate a picture of a similar dog to the one in this photo incorporated into the logo.

I like the way this picture has been drawn but I would prefer the dog to look more like the picture of the dog on the previous page with the gramophone.

James Squire

NEVER FORSAKE FLAVOUR

I like the font in this logo and the blend between small image and large writing I think looks smart.

I like the texturing of this logo.

I would like the dog to have a crown on it in similar style to this if possible.
