

MATIX INSTITUTE OF BUSINESS AND TECHNOLOGY

About us

Matrix Institute of Business and Technology (MITB) is a fast growing Education & Training Solution Provider, focusing on holistic knowledge and skills interventions that impact livelihoods. It is established on the core values of making a meaningful and measurable difference on career aspirations and goals through innovative learning and knowledge management intervention. MIBT prepares students not only for professional careers but also inculcates the importance of discipline and equips them physically, mentally, socially and spiritually. The Institution is licensed and registered under Technical Education, Vocational and Entrepreneurship Training Authority (TEVETA).

ductivity, performance and skill development. At MIBT we believe together everyone achieves more.

Our Vision

To Champion Education for skills, employability & career enhancement in Zambia and Africa.

Our Mission

- To bridge the gap between academia and industry requirements and develop a directly employable workforce.
- Empower our students to go through intellectual, social and personal transformation.
- Transform the youth into entrepreneurs or employable through the imparting of applied skills.

Core Values

Excellence

Excellence in teaching, research, creative endeavors, student services, and in all aspects of the Institution's operations is continuously pursued at MIBT to ensure institutional effectiveness and efficiency.

Integrity

At MIBT, honest communications, ethical behavior, christian values and accountability for words and deeds are expected from all members of the Institution's community.

Respect

Each person at MIBT is to be treated with respect and dignity and is to be treated equitably in all situations.

Disruptive Innovation

MIBT encourages and supports its faculty, staff and students in all forms of discovery and application of knowledge in teaching and learning and in developing innovative products and processes.

Bias for Action

MIBT encourages all to harness willpower and this means faster action, faster execution, quick delivery of innovation, results and growth. It is for this reason we believe the price in action is far greater than the cost of making a mistake.

Customer obsession

At MIBT we are passionate about finding solutions to challenges and helping our students and partners exceed their goals. Quality and success are defined by each individual customer and this makes us to constantly listening to our customers, and then continuously testing, enhancing, and personalizing the customer experience.

Team Work

In today's modern world, developing teamwork skills has become a necessity in order to survive such a competitive environment. Teamwork enhances **productivity, performance** and skill development. At MIBT we believe together everyone achieves more.
