

# Spot lights

- ▶ **LED lights**
- ▶ **SuperSpot**

## Product benefits

- ▶ Extremely bright high-quality LED furniture light
- ▶ Single binning

## Product features

- ▶ Robust metal housing
- ▶ Plug-in connection on the housing
- ▶ Reliable heat management system for maximum light output

## Examples of use

- ▶ For recessing in ceiling
- ▶ Shopfitting
- ▶ Kitchen midway sections

## Ordering Information

- ▶ LED ballasts must be ordered separately
- ▶ Please check the pictograms for easier lamp / ballast combination.

## Technical details in brief

Lamp type:	LED recessed light
Type of lighting:	Functional lighting
Surface finish:	Stainless steel look
	White
Operating current:	700 mA
Light colour:	Warm white / Neutral white
Colour Rendering Index:	85
Energy efficiency:	A
	60 lm/ W
Life span:	30,000 hours at 70%
Power consumption:	max. 6.8 W
Dimmable:	Yes
LED number:	1
Beam angle:	60°
Test marks and symbols:	CE
Protection rating:	IP 20
Supply lead:	2000 mm
Plug connection :	LED mini
Connection to:	plug connection M2
	LED ballast

## SuperSpot

Surface finish	Order no. Warm white	Order no. Neutral white	PU
Stainless steel look	55 229 19	55 229 09	1 each
White	55 229 11	55 229 01	1 each
Set of 3 in stainless steel finish incl. LED Ballast with flat Euro plug	40 134 19	40 134 09	1 set

## Accessories (Switch systems p. 162 ff. – Ballasts and leads p. 187 ff.)

Article	Order no.	PU
Anti-glare ring in stainless steel look	36 209 09	1 each
Anti-glare ring in white	36 209 01	1 each
LED ballast 24 Volt DC - 75 W with flat Euro plug	30 224 02	1 each
LED ballast 24 Volt DC - 30 W with flat Euro plug	30 385 01	1 each
6-way distributor 24 V DC (MP2)	30 996 01	1 each
LED M2 extension lead 1800 mm	36 768 11	1 each
LED converter 24 Volt DC / 700 mA - max. 7.5 W	30 201 12	1 each
LED ballast dimmable (1 - 10 Volt) - 700 mA - 25 W with Euro plug	30 583 01	1 each
