Keep out of reach of children (make this white colour)

Read Safety Directions (make this white colour)

Smith Lubricants Logo (LOGO.eps)

Petrol Up (This is the product name, should be large and prominent)

Picture (Petrol Up.jpg)

Cleans valves and injectors

Helps restore lost power

Reduces Octane Requirement

Compatible with E10 fuel (Place this in yellow circle)

5 Litres (Move this to left side)

FLAMMABLE. Contains: Isopropyl Alcohol 80% (place this beside "5 Litres" but white text and about $\frac{1}{2}$ height font size)

Petrol Up Rear Label Elements:

Smith Lubricants Petrol Up provides performance and protection by cleaning valves, fuel injectors and combustion chamber deposits. Restores lost power and economy in older engines. Safe for use in all petrol vehicles and machinery, E10 Ethanol blend fuels and catalytic systems.

Directions for use:

Add 2 litres of Petrol Up to each 1,000L of fuel (2mL/L). Replace fuel filters after first 1,500-2,000km (15-20 hours) of operation. For fast clean-up of fuel injectors, use Petrol Up at 4 litres per 1,000 litres of fuel (4mL/L) for first tankful or 15 hours of operation.

Safety Directions:

DO NOT SWALLOW. FLAMMABLE. Contains Isopropyl Alcohol 80%. Avoid contact with eyes and skin. Avoid breathing vapour. Keep away from sources of ignition.

FIRST AID:

For advice, contact a Poisons Information Centre (Australia Phone 13 11 26) or a doctor (at once). If swallowed, DO NOT induce vomiting. If in eyes, hold eyelids apart and flush continuously with running water for at least 15 minutes. If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water.
