“DEVELOPING A GENERATION  
WHO LOOK FORWARD TO  
THEIR DENTAL VISITS.”

# Pediatric Dentistry of Alaska

DEAR PARENTS,

A DENTAL CARE PROVIDER FROM OUR PEDIATRIC DENTAL TEAM VISITED YOUR CHILD'S SCHOOL TODAY. WE DISCUSSED THE IMPORTANCE OF TOOTH BRUSHING, FLOSSING, AND A WELL-BALANCED DIET. IN ORDER TO AVOID CAVITIES AND THE POSSIBILITY OF PREMATURE TOOTH LOSS, WE ALSO STRESSED THE IMPORTANCE OF REGULAR DENTAL CHECK-UPS.

OUR OFFICE AFFIRMS THE AMERICAN ACADEMY OF PEDIATRIC DENTISTRY'S SUPPORT FOR THE PRACTICE OF PREVENTIVE DENTISTRY. THE AAPD RECOMMENDS A DENTAL CHECK-UP AT LEAST TWICE A YEAR FOR MOST CHILDREN. REGULAR DENTAL VISITS HELP YOUR CHILD STAY CAVITY FREE. PREVENTIVE DENTISTRY HELPS PROMOTE LESS EXTENSIVE AND LESS EXPENSIVE DENTAL TREATMENT FOR YOUR CHILD.

WE HOPE THAT OUR VISIT HAS ENCOURAGED YOUR CHILD TO BE MOTIVATED TO KEEP A HEALTHY SMILE. PLEASE CONTACT US IF YOU HAVE ANY QUESTIONS REGARDING YOUR CHILD'S DENTAL HEALTH.

SINCERELY,

*the whole team*
