SAVTIRA

Savtira's cutting edge technology enables your customers to buy digital content once, store it in the cloud, and enjoy it on any device, anytime, anywhere.

Let Savtira Help You Do The Heavy Lifting

In this competitive industry, eCommerce companies are constantly in search of solutions to retain current customers while making the online environment compelling to new consumers.

At Savtira, we identified this critical concern and created a unique solution that incorporates three innovative components to grow your business:

- Custom-Tailored Platform
- Extensive Product Catalog
- World's First Entertainment Distribution Network

How can Savtira help you?

Savtira can build, manage, maintain, and upgrade your eCommerce business. Our horizontal approach provides a complete infrastructure to acquire new consumers, convert more visitors into buyers, and increase customer loyalty. Savtira recognizes the importance of customer satisfaction and has developed an eCommerce platform perfectly tailored to your customer's expectations. We have streamlined the checkout process and improved the shopping experience. In return, your business will be able to increase average checkout value and will generate additional revenue.

Custom-Tailored Platform

Current eCommerce platforms are extremely limited. Some are great at one thing, but not at others, and none have the benefits of Savtira's Cloud Commerce suite. In building a completely new product from the ground up, Savtira has been able to develop an exclusive platform that will change the eCommerce landscape forever.

Fully Customizable
100% your brand, 100% unique

Enterprise Focused
Designed for Fortune 500-level infrastructure

Unified Shopping Cart
One destination to purchase digital and physical goods

Web 3.0 Friendly
Supports social interaction, user contribution, and community reviews

PCI Compliant
Payment Card Industry Data Security Standard (PCI DSS)

Most Comprehensive Catalog Of Digital And Physical Goods

Savtira's product catalog can be integrated several ways. You can opt into Savtira's catalog and bring over 17 million digital and physical products to your new eStore, or you can integrate your content into Savtira's catalog for distribution to our broad and diverse client base. You can also add all or portions of Savtira's catalog to your own catalog, strengthening your already robust product line.

Any Device, Anytime, Anywhere

Our enterprise-class Entertainment Distribution Network (EDN) allows your customer to stream digital media from the cloud with a feature set unseen on the market:

Digital Locker
Purchased content can be easily stored, streamed, and downloaded.

Pause-and-Resume
Pause digital media on one device, resume on another device.

One-Click-to-Start
No need for complicated downloads or special applications. Just click and watch.

Any Device – Anywhere
Content is accessible on any Internet-connected device.

License Portability
Digital media stays in the cloud and does not need to be repurchased for each new device.
