

INSPIRATION

DuPont™  
**SATINERA™**  
SOLID SURFACES

The kitchen is the heart and soul of a home.

Whether it is a stylish centrepiece, a place for friends to gather and gossip or a nexus for the family to grow up around, your kitchen is the focal point of your home.

That's why it's important to have a quality, stylish and long-lasting surface as the showpiece of your space.

Clever design, earthy, natural colours – stylish appliances and a Satinera™ solid surface benchtop. **All the right ingredients to add class to your kitchen:**

## BEAUTIFUL

With a colour palette of earthy, yet lively options to choose from, the elements of Satinera™ solid surfaces blend organically, personally and elegantly. The stylish finishes and amazing versatility will see you creating the kitchen you have always envisioned.

## SEAMLESS

Sleek, elegant lines transform the ordinary into a beautiful surface and, with absolutely no open cracks or joints, you'll dramatically reduce dirt and moisture.

## DURABLE

No open joints and inbuilt heat resistance means Satinera™ solid surfaces satisfies the rugged lifestyle of any home.

## NONPOROUS

Hygiene is important and because Satinera™ is nonporous, bacteria, mould and liquids are not absorbed, leaving a cleaner surface and peace of mind for your family.

## RENEWABLE

Thanks to the revolutionary materials used in Satinera™ solid surfaces, scratches, stains, chips and other surface deterioration can be renewed without sacrificing the look and feel. Renewing of your benchtop is completed on-site by a DuPont certified fabricator. For more information contact DuPont or its authorised representative on 1300 766 144.\*

## FRIENDLY

Satinera™ solid surfaces is chemically inert and non-toxic, meeting even the most restrictive food zone standards. Once used, Satinera™ solid surfaces can be reworked to create new products – generating one third less waste than stone in the fabricating process.

\* Everyday wear and tear, including light scratching, may be exhibited. Scratching is not considered a product defect and hence not covered by the DuPont 10-year warranty.

## Satinera™ solid surfaces moulded sinks represent the new standard of seamless integration

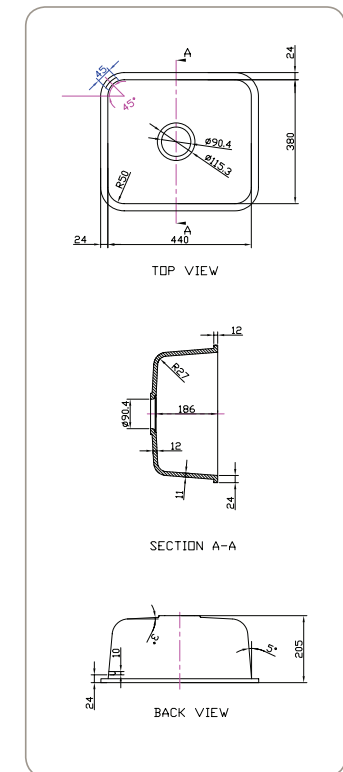

Satinera™ solid surfaces sinks have one main objective. To provide unparalleled, hygienic workflow coupled with stylish natural design.

The new moulded modular sinks are fused into your benchtop to create one smooth, continuous surface. With no undesirable cracks or open joints our sinks are more hygienic, durable and visually impressive.

Designed to maximise washing up space, while integrating easily within the overall design of your kitchen, you can choose from the oversized-single basin or the double basin with half sink for ample washing-up capacity.

MODEL NO: MB958

STYLISH

## Satinera™ solid surfaces are practical.

Good looks combined with functionality are the core of a versatile kitchen. Not only does a kitchen boasting Satinera™ look sleek and stylish, its nature makes it ideal to handle everyday use.

The hardwearing, specially formulated surface resists stains so you can use your kitchen the way it's meant to be. Oversized basins provide the practicality of space for everyday use.

Satinera™ is a unique blend of elegance and durability providing a stylish and practical solution for your kitchen.

BEAUTIFUL

# STYLE. DURABILITY. QUALITY.
