Our Current Logo

CHIROPRACTIC FIRST

- Chiropractic Logo
- I would like to incorporate the colours and the bubbles of the old logo. The number of bubbles doesn't really matter, but to maintain the idea of the blue bubble would be great.
- To have a horizontal (ideally) or square layout to go on a horizontal sign
- Incorporate the name CHIROPRACTIC FIRST
- The curve of the bubbles is meant to represent a spine, so the logo *could* incorporate that shape but is not essential
