What is webrocket? <rocket with question mark picture>

- ★ Your website on subscription autopilot with free unlimited support and updates.
- ★ Delivered by professionals.

What does it cost? <money picture>

About the same as 1 <picture of a cafe latte> a day and guaranteed less than a really good night out with the gang <some picture of beers or drinks>. See price details here. <link to order>

If you are unhappy? <sad face picture>

Cancel the same day, we will refund you all your money and buy you a year of Spotify subscription <spotify logo>

Test your website now! How many more customers could you get every month?

<a field, fill in number> "Visitors per month" (If you can't remember, put in 10 000. Number of visitors to your website monthly.)

<a field, with percentage> "Current conversion rate in %" (If you can't remember put in a 1. The percentage of the visitors to your web that ends up doing something interesting, for example buying your product or service. It is usually 1-5%)

<a field, with percentage> "Improve conversion rate, 1-3%" (let's aim for 1-3%, a typical increase is around 2%. Better web has a clear purpose, is up to date and easy to understand, that means better conversion. Fill in what your goal is with conversion increase for a new website)

<a field, with a number> Average purchase in SEK <dropdown choose from SEK, USD, EUR> (what is the average amount a customer spends with your company within the first year, it can range from 100 - 100 000+, if you can't remember then guesstimate)

<button, Calculate!>

<spit out, numberofvisitors x goalofconversionrateincrease> of extra customers or potential customers every month with an increase of <goalofconversion> on your website. This would also mean <numberofvisitors x goalofconversionrateincrease x Average purchase in SEK> in extra revenue every month!
