

We need a logo design for a new company based in Singapore called "Ascendia Technologies". We develop innovative Android applications for many medical applications including medical records storage, image processing, etc. Our initial product will help doctors and nurses predict the outcome of their treatment for various disease and lead to better patient care. The final design should communicate professionalism, reliability and innovation and the best user product experience.

Examples of logo designs are

fiscatrack

-  #8DC63F
-  #4D4D4E
-  #B3B4B4
