

ROAD and ROCK RC

Thank you for considering Road and Rock RC for your event! If you are looking for an event that will attract and entertain the youth and teen group, we hope you look no further! For kids age 5 to 95, the fun and excitement of radio control cars is here! At Road and Rock RC, we use the highest quality, race engineered trucks designed by companies with decades of experience. This means that our fleet is built to handle the high speed crashes and smashes of any driver at any level. In addition, our staff takes time to teach every driver the basics of driving our radio control trucks and our entire track is secured with a 28" perimeter fence to ensure the safety of drivers and spectators. Fun for your kids + safe for your crowds = an awesome addition to your event!

Please see the back page for our contact information.
