**GENERAL**

**INTRODUCTION**

RGS ReproGraphic Solutions Pte Ltd has been established in Singapore since June 2001 during which time the company has constantly strived to develop its business strategy and market position by enhancing and investing into new technology and human resources in order to meet the increasing demands of our valuable customers.

Our international management team fully understands the only true differentiator is that of the RGS Team delivering “Exceptional Customer Service” Several years of experience in service associated, related markets and industries throughout the United Kingdom, USA, Hong Kong and now of course Singapore has taught us that no two customers are alike and therefore, requirements must be assessed and managed on an individual basis in order to succeed in establishing a mutually beneficial and rewarding business partnership.

Furthermore, the directors and management at RGS understands the dynamics, changes and challenges being sought throughout the industry and the increasing demands of secure high speed digital transmitting of documents, drawing, images and the necessity in providing our customers with quality, professional presentation graphics and colour printing.

Since our inception, we have continuously led the market in providing unprecedented standards of customer service a “can do attitude” including a 24 hour service operation, a managed fleet of dedicated dispatch riders and transit vans throughout Singapore and introduction of secure, online digital print and ordering software, Send Us Files (SUF) to name but just a few.

We recognize and appreciate the importance and the integral role that our customers/business partners have played, inspiring us to invest and expand our business.

We will continue to introduce the latest technology, innovative and cost effective reprographic solutions to Singapore, thereby enabling all of its customers the benefit and efficiencies of leveraging on our own investments and enhanced product/service offering.

# THE EVOLUTION OF RGS REPROGRAPHIC SOLUTIONS

RGS *ReproGraphic* Solutions (RGS) is constantly enhancing its organization through recruitment, training and developing “Human Talent” that can fully share the creativity and the passions..... “The Difference”.....that contributes to the growth, success and evolution of RGS.

RGS has become Singapore’s leading Digital Reprographic, Colour Printing and Specialty Book Making Provider. From the onset, it has always been our intention to provide new and innovative technology solutions whilst maintaining exceptional service standards to our customers. Hence, our operation at Kallang Place.

As the largest Reprographic company in Singapore, we are dedicated in providing unprecedented standards of customer service, an unrivaled “Can do attitude” including 24 hour service operation, a managed fleet of dedicated dispatch rider and transit vans throughout Singapore.

We are fully committed to providing the highest quality digital output and professional service to make each project a success and more importantly, at a cost that meets your budget.

Furthermore, we will continue to focus on a “Second to none” customer service strategy to ensure your expectations are always exceeded.

Our philosophy is to take the time to consult and understand each of our client’s needs and recognizing the unique requirements of each project and deadline.
