Legendary

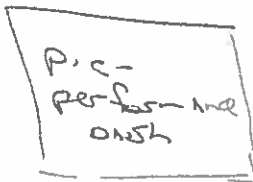

pic-392 hull m/b
gel on

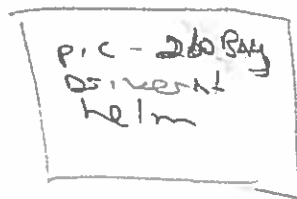

Velocity has a proven hull design featuring:

- wide chines for stability from rocking
- stepped transom that reduces bow rise
- p/d bottom - lifts hull for better rise & fuel economy & safely with no need for venting the hull
- Concave chines for dry ride
- Sharp sheer rise that allows the boat to cut through the water (And not pound against it)

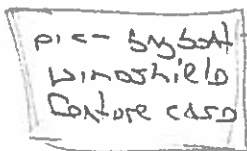

Innovative

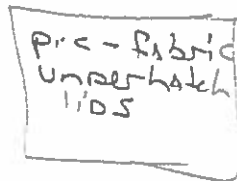

Pic - performance dash

pic - 260 Ray driver's helm

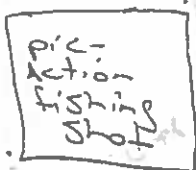

pic - 675 boat windshield Contour case

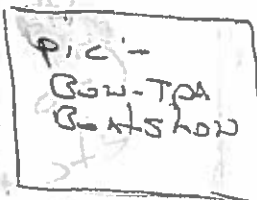

pic - fabric under-hatch lids

From our molded dash consoles to the comfort helm we are leading the industry. We also offer an adjustable windshield not heard of in this class. Add colored fabric to personalize your boat.

Interior Refined

pic - action fishing shot

pic - Bow-Tra Boat show

Our boats are very functional for fishing and family fun. However you don't have to sacrifice. Enjoy the luxury of our interior.

Fun to Drive

pic - 7003810

Our performance minded boats are responsive, fun to drive. The way it should be.
