# H & H Industries

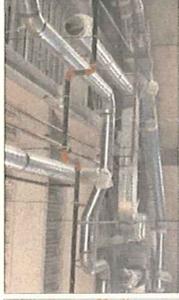

Since 1901

100 years of service in the heating, cooling and plumbing industry has taught H & H Industries to do the job right, the first time. Our AutoCAD capabilities deliver instantaneous design changes and enable H & H to provide value engineering whenever necessary.

3D AutoCAD Fabrication

Final Installation

In-house sheet metal and pipefitting operations provide H & H with the ability to deliver materials that match the quality of our workmanship.

## Complete Mechanical Contracting Services

- Heating
- Cooling
- Plumbing
- Sheet Metal
- Pipefitting
- In house AutoCAD
- Plan /Spec & Design/ Build

Our work history, experienced staff and in-house facilities make H & H Industries well-suited for any project.
