

Protecting Children's Health in Contra Costa County, since 2002

Our Successes

- ▶ Helped reduce pesticides applied to CC County properties by over 300%.
- ▶ Eliminated pesticides in Moraga parks, after passing a highly protective policy.
- ▶ Wrote Moraga School District's least toxic pest control policy & passed it along with other wellness programs.
- ▶ Trained & consulted hundreds of public agency employees in CC County to adopt least toxic pest control programs.

Parents for a Safer Environment

Support Our Work!

Follow us for important updates in your community and to participate in upcoming events at www.pfse.net

Learn about least toxic toxic pest control, safer cleaning methods, and sustainable service providers and products that have passed our screening.

Take Action and spread awareness in your community or school and to family and friends.

Volunteer and help us gather pesticide useage information so we can provide alternative methods and make your campus or community a healthier place.

Donate or Sponsor and show your support for health advocacy & the environment and be featured on our website.
