

Bahamas Discovery Quest Land Tours

Our Land Tour is an exclusive experience for your Long Island stay. Renting a car and venturing on your own is a great way to observe some of these things by yourself, however; your Bahamas Discovery Quest guide, Charles Knowles, having grown up on Long Island will add the personal Long Island knowledge that will take you to off road beaches (with no signs), introduce you to Long Island crafts people, meet farmers with great produce and munch on the best Long Island native food that is otherwise very hard to find. Having Charles as your guide for the tour will ensure you won't miss the hidden secrets of Long Island! The Bahamas Discovery Quest Land Tour includes visiting Historic sites such as Adderley's Plantation, Columbus Monument, the Diamond Crystal Mine and the Historic Catholic Churches in Clarence Town. We visit points of interest such as: Dean's Blue Hole, the Hamilton Cave, and the Long Island Flamingos. We will observe excellent Bahamian Craft Artists by appointment to see their craft work in action. The tour also includes scouring secluded beaches for sea shells and sea glass!

Transportation Included	\$290.00	\$220.00
Guide Only	\$185.00	\$110.00

Snack Lunches available

Sandwich, chips, and fruit \$8.00 ea.
Drinks: soda or bottled water \$1.50 ea.
