

## FRONT COVER

Logo

Tagline: Making Solutions "1" Patient at a Time

## INSIDE LEFT

**ProCare** is Pro-active Opioid Education / not for addicts or problem patients. **ProCare** only sees **Good Patients**, because problem patients and addicts **do not** want education they only want pills.

### **We Educate Good Patients Because:**

1. **Good Patients** are Receptive to new information
2. **“Education” Good Patients** need it the least! Therefore their minds are open and will soak it up the Most.
3. ProCare will **Teach You** and Hopefully **You will Teach someone else**, Better than that, maybe **Your Education will Save someone else**.

## INSIDE MIDDLE

**Education** helps patients understand, predict and manage their pain cycles.

**Education** lessens negative thinking and emotional stress

**Education** teaches coping skills to minimize pain and to maximize active involvement in positive like experiences.

**Educating** Your Patients will mean more effective use of your medical services, meaning fewer unnecessary phone calls to your staff.

**Education** Equals improved Compliance, which means more Compliant urine drug screens.

**One Patient’s Education can Positively affect a Family; that One Family can Positively affect One Neighborhood: One Neighborhood can Positively affect One Community; One Community at a time, can Change Society.**

## **INSIDE RIGHT**

*WELCOME TO PROCARE COUNSELING!!!*

### **Who We Are and What We Do**

- ProCare Counseling provides pro-active counseling, opioid education to the Patient and a Risk Management service to the Physician.
- We believe it starts with giving Education to good patients and letting it trickle down to patients and friends they know, who could use the information too.
- ProCare helps the physicians by ensuring that the Patients are fully Educated and taking more responsibility for their treatment.
