TELEPHONE ORDERING

Our friendly telephone representatives are available to take your order Monday–Friday 8:30am–5pm EST.

SHIPPING INFORMATION

Standard shipping is done with UPS or FedEx Ground Service whenever applicable. Packages usually arrive within 1 to 6 days of shipment. Faster shipping is available for an additional cost. Please ask our representatives for the options available in your area. Common Carrier shipping is required for large orders. Please ask our representatives about this shipping option.

With over 10 years of building industry experience, the business has grown to offer the most comprehensive line of proprietary surface protection solutions in the industry. Surface Protection International provides surface protection solutions to some of the largest homebuilders and construction companies in the nation.

Located in Michigan, near Detroit, Surface Protection International focuses on innovation, value and unsurpassed customer service.

SATISFACTION GUARANTEED

At Surface Protection we stand behind our belief that our customers should have 100% satisfaction. Surface Protection accepts refunds or exchanges initiated within 30 days of original purchase. The terms for refunds and exchanges are listed below..

REFUNDS

No refund or exchanges will be allowed without a return authorization number. To obtain a return authorization number please call **1-866-235-4625**. One of our customer service representatives will be happy to assist you. All refunds must be completed within 60 days of original invoice date. The shipping charges are non-refundable. All products are subject to a 20% restocking fee. All items must be returned unused and non-defective. Credit will only be issued after the items have been received, inspected, and approved for refund or exchange.

VENTWRAP™

ELIMINATES DUCT CLEANING

VentWrap™ HVAC Protection provides a filter-free barrier that keeps foreign objects, such as screws, lumber, scraps, drywall, dust, and other materials from falling into vents. This innovative product eliminates expensive post-construction clean-up of duct work and air vents.

- Provides a filter-free barrier that keeps foreign objects, such as screws, lumber, scraps, drywall, dust, and other materials from falling into vents.
- **Meets OSHA requirements** for covering open holes in floors during construction.
- Unique design allows for high-volume air flow
- Comes assembled, and installs easily with screws and removes just as easily
- Provides protection from injuries commonly associated with open or uncovered vents
- Completely reusable
- Eliminates expensive post-construction clean-up of duct work and air vents
- Durable enough to support ladders and painter's stilts
- Certified to withstand 900 lbf.

JAMB PROTECTION

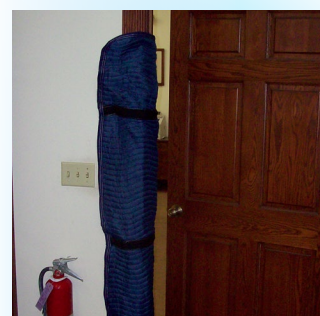

Reusable Plastic Door Jamb Protectors

A quick solution to the costly job of replacing molding. Preformed snap-on sections are rigid and durable, offering heavy duty protection for wood or steel door jams and window sills. Prevents damage to vulnerable door jams and trim on the work site. Guard against gouges, nicks and scratches during construction. Made of heavy duty plastic. Completely reusable. Excellent for protecting window sills and jams while loading drywall.

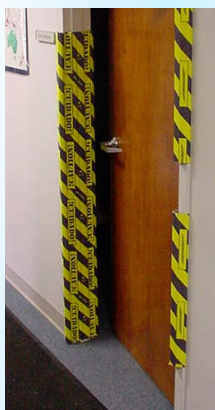

Will fit jams 4.5" x 9" widths

Door Jamb Protector Pads prevent damage to the sides of doors, entryways and stair banisters when moving furniture and appliances.

- Quality quilted moving pads with 3 built-in springs to hold them in place.
- Protect door jams, doorways, entryways, and stair banisters from scratches, scrapes, and dirt.
- Will work on either side of the doorway

PLASTIC CORRUGATED FLOOR PROTECTION

Plastic Corrugated Floor Protection is a versatile product designed to provide reusable surface protection for all fixtures and surfaces during construction. It is similar to Correx & Cordex and is less expensive than thermoply offering excellent surface protection for all surfaces including concrete, tile, vinyl, marble, wood floors, doors, counters, cabinets, and other surfaces.

- Manufactured from recycled plastic.
- 100% recyclable plastic.
- Unaffected by water.
- Stronger and more durable than corrugated fiberboard.
- Extremely lightweight.
- Won't rust, rot, mildew or corrode like metal or wood.
- Tear, puncture and impact-resistant.
- Resists a wide range of chemicals, grease and dirt.
- Easy to cut with utility knife.
- Designed to easily bend around all surfaces.

RAMBOARD

RAMBOARD is a heavy-duty, Flex-Fiber reinforced temporary floor protection designed for Contractors. It protects new and existing floors while allowing moisture, vapors etc. to escape for curing. It is engineered to protect colored concrete, tile, stone linoleum, wood, etc. from damage while construction activities take place.

Ram Board has been tested extensively in the construction and entertainment industries. It protected floors while filming on the sets of several movies including Spider-Man and The Hulk. Kroger, owner of Kroger, Ralphs, and Food 4 Less grocery markets, has Ram Board named for floor protection in their building specifications. It has also protected floors on several Wal-Mart, Pottery Barn, Pei-Wei Asian Diners and thousands of residential projects.

Ramboard Seam Tape

- Heavy-duty
- Lays fast and flat
- Save on damage repair
- Save on labor
- Non-staining
- Re-usable
- Vapor permeable
- Approx. 46 mil thick
- Thick, Flex-fiber Reinforced
- Green product

POLYKRAFT PROTECTION™

EXCELLENT PROTECTION FOR FLOORS OR COUNTER TOPS

Poly Kraft™ floor protection is a tearproof floor protection similar to rosin paper but with a plastic back side that allows the product to be waterproof. Poly Kraft floor protection consists of a plastic sheet bonded to a heavy duty kraft paper

- Poly Kraft Protection is waterproof and tearproof
- Durable plastic layer bonded to a heavy duty paper
- Excellent protection for floors, counter tops, and cement - use indoor or outdoor
- Poly Kraft floor protection protects floors and surfaces during the construction process
- Poly Kraft floor protection is ten times better than rosin paper because it won't tear when wet and offers more protection

MASKING TAPE™

Blue Masking Tape - UV Resistant. Blue masking tape designed for delicate surfaces such as wood, tile, granite, drywall and other surfaces. Also called blue painters tape. Works great for securing temporary surface protection to delicate surface.

Clear tape designed to tape temporary floor protection. DO NOT tape directly to FLOOR. Use only on surface protection to surface protection taping. Works great on FloorWrap, PolyKraft, Ramboard, FloorGuard, and Kraft paper

Duct tape designed for construction use. Duct tape that is moisture and tear resistant. Excellent multiuse 9 mil duct tape.

Seam tape is an excellent tape for securing Ramboard, FloorWrap, Polykraft, Kraft Paper and other surface protection products

Vapor Cure Tape prevents cure lines and promotes even finishes in curing floors. This breathable tape allows vapors and moisture to escape from concrete, glue down floors, stained floors, epoxy floors, refinished floors, vct, and most other floors.

ZIPWALL™

DUST CONTAINMENT DESIGNED BY A CONTRACTOR FOR A CONTRACTOR

ZIPWALL

It took a contractor who created clouds of dust to finally create an easy-to-use dust barrier system. That man was Jeff Whittemore. Prior to founding ZipWall®, Jeff operated a highly regarded floor refinishing company. One particular job needed dust containment to protect major portions of the house from contamination. The large open floor plan presented quite a problem. The solution had to be tapeless. It had to be easy to set up. It had to work with a variety of ceiling heights. And it had to be virtually airtight. The result was the ZipWall Foam Rails, Dust Barrier System revolutionary ZipWall® Dust Barrier System.

ZipWall Systems

- Zipwall® provides premier dust and dirt control barrier
- Telescoping, twist-lock Zipwall® Jacks allow set-up in minutes
- Dust barrier system fits snugly against floor and ceiling for maximum control
- Does not require tape, nails, or other materials that are slow and damaging to walls and ceilings
- Use in combination with poly-sheeting (up to 8 mils), canvas tarps, and drop clothes
- Zipwall® System reduces post-construction cleaning costs

Zipwall KIT 20 (20' Poles)

Item Number: KT-20

Price: \$220.00

Zipwall 4 pack plus

Item Number: 4PL

Price: \$297.00
