Leadership	Patrick Golembiewski, Founder & CEO patg@V2portal.com John Musci, President jmusci@v2portal.com
Location	Office: 120 West Aurora Road, Ste. C, Northfield Center, OH 44067 Ph: 330-908-0522, Fax: 330-908-0545 **www.v2portal.com**
History	V2 Technology's founder and principals have been providing IT services to clients since 1999, and as V2 Technology since 2004, to service the needs of CIOs, IT directors and executive management teams of both commercial organizations and the government. V2 Technology provides project-based as well as functionally-based IT services to government entities, large commercial clients and the SMB market. Offerings include software development services (offsite or onsite), IT staffing and virtual IT support (MyCIO, break/fix support, software upgrades and network configurations).

Vision

Company Vision	Establish V2 as a premier IT strategy partner and technology service provider utilizing our core processes of People, Strategy and Operations, to ensure we proactively meet client's needs and expectations - delivering consistent results.

Differentiation

V2 Technology *strategy* AND *execution!*	The genius of the "*AND*"… The ability to architect *AND* execute - while maintaining operational excellence. This is achieved through constant client interaction *AND* ongoing business analyses and process refinement.

Capabilities

V2 *Staffing*	Our V2 Consultants and support team focus our experience and know-how and apply a "hands on" approach - working through our client's critical issues and achieving their desired results.
V2 *Solutions*	V2's impressive development and intellectual capital base has enabled the design and successful rollout of an extensive custom designed and general-use product line, including *TouchPoint*™ (mobile workforce management) and scheduling optimization systems.
V2 *Strategy*	Through the innovative development of programs such as *Project Excellence*, *MyCIO*™ and *Optimization Solutions*, V2 transcends the typical vendor relationship and becomes an engaged and valued member of your organization. V2 is structured to provide rapid counsel on short notice, and instantly add value to organizational needs and objectives. Our strategic analysis empowers clients to move forward with priorities by proactively identifying strategy, mitigating risk, *AND* execute!
