Dear Central Coast Business -

In 1996, CentralCoast.com was established as the original travel and tourism portal in the early days of the internet

My experience of personally creating, publishing, and marketing thousands of web sites over the last 14 years drives my efforts to increase the economic vitality of our businesses.

Help us grow your business and prepare for the travel season to entice the tourists to visit our beautiful Central Coast.

Every hotel, restaurant, shop, and entertainment venue should be featured on our sites. If you want to use the most powerful form of advertising available then choose the internet and choose CentralCoast.com, PismoBeach.com, and MorroBay.com.

Sincerely,

Ernest Hull  
Founder & President
